

DEPARTMENT OF CORRECTIONAL SERVICES

MISSION

The Department of Correctional Services (DOCS) is responsible for the secure confinement of convicted felons and the preparation of these individuals for successful reintegration into the community upon release.

ORGANIZATION AND STAFFING

The Department, headed by a Commissioner, will have approximately 30,900 employees to operate 70 facilities. Each correctional facility is headed by a Superintendent and executive staff to oversee the daily operation of the nation's fourth largest state prison system.

FISCAL BACKGROUND AND BUDGET HIGHLIGHTS

The budget recommendations for the Department of Correctional Services continue to reflect a reduced demand for prison space. This trend is the result of several factors, including tougher criminal justice reforms that have been made since 1995 and have led to a decline in the statewide number of felony arrests and the success of initiatives (such as Shock Incarceration, the Willard Drug Treatment Campus and the Merit Time Program) designed to reduce the number of non-violent offenders in prison by providing rehabilitation opportunities.

It is important to note that the reduction in demand for prison space is for medium-security and minimum-security housing. Over the past nine years, penalties for violent crime have increased significantly in New York State. Jenna's Law, enacted in August 1998, together with the Truth-in-Sentencing legislation enacted in 1995, ensure that violent offenders will serve at least 85 percent of their sentence in prison.

The Department will continue to reconfigure prison capacity to reflect the changing inmate population. Funding of approximately \$2.3 billion is provided to support operational needs.

- State tax dollars finance 91 percent of the Department's State Operations Budget and 100 percent of the Department's Aid to Localities Budget to reimburse counties for the cost of housing inmates awaiting transfer to State prison;
- Federal funds support 2 percent of the Department's State Operations Budget, offsetting the cost of housing illegal alien felons, inmate education and substance abuse treatment;
- Correctional Facilities Capital Improvement Fund appropriations of \$205 million ensure that all housing, medical buildings and support space remain functional, safe and secure; and
- The DOCS Internal Service Fund appropriation of \$71.5 million is for operation of the Correctional Industries program (Corcraft). This inmate vocational program engages in the production of commodities, as well as prison maintenance and rehabilitation projects, giving prisoners an opportunity to learn employment skills to improve their chances of successful reintegration into the community.

PROGRAM HIGHLIGHTS

The Department operates correctional facilities that have a range of security levels. Inmates are provided with appropriate programming to afford offenders an opportunity for rehabilitation aimed at reducing recidivism.

CORRECTIONAL SERVICES

Additionally, the Department, in cooperation with the Division of Parole, operates the Willard Drug Treatment Campus in Seneca County. Through this program, courts have the option to remand low level, non-violent offenders to treatment — an option that is intended to stop the cycle of drug-related criminal activity at far less cost to the taxpayers than traditional incarceration.

ADMINISTRATION

Administrative staff formulate and oversee Agency policy and provide operational support to correctional facilities. The responsibilities of this program include the direction of inmate classification and movement, labor relations, personnel and financial transactions and the Department's legal affairs.

SUPPORT SERVICES

The Support Services Program provides all resources necessary for the operation of correctional facilities housing individuals remanded to State custody. This includes the employment of all facility managers and centrally assigned staff essential to operate and maintain the Agency's physical plant. Through this program, the Agency also provides inmate food and transportation services and enters into cooperative agreements with local governments for sewer/water systems. The Agency has been increasingly successful in implementing initiatives to improve operational efficiencies.

SUPERVISION OF INMATES

The Department employs approximately 20,900 correction officers to ensure a secure environment for employees and inmates within the correctional setting and to protect the safety of surrounding communities.

PROGRAM SERVICES

The Department operates a wide range of programs designed to prepare inmates for successful reintegration into the community. The majority of inmates entering State prison have educational deficiencies and histories of substance abuse. To counter this problem, the Agency's rehabilitation efforts focus on basic education and simple vocational skill achievement to ready inmates for employment upon release. The transitional services program will assist every inmate throughout all stages of their incarceration to fully participate in the wide variety of programs available in the Department's facilities.

The Agency's Comprehensive Alcohol and Substance Abuse Treatment program will continue to provide over 3,500 offenders each year with six months of residential treatment and follow-up care. Resources to coordinate the Agency's sex offender treatment programs, aggression management programs and transitional services will enable the Department to better treat and stabilize the prison population.

HEALTH SERVICES

Offenders entering prison tend to have significant health care needs because of high rates of disease related to AIDS, tuberculosis, hepatitis and other infectious conditions. The Executive Budget ensures that the Department has the resources to meet the full need for AIDS and hepatitis screening and intervention. Notably, the number of inmate deaths attributed annually to HIV-related disease has been reduced by more than 90 percent since 1995. Health care for the inmate population has become more effective as a result of Department operated regional medical units on the grounds of Mohawk, Coxsackie, Wende, Bedford Hills and Fishkill correctional facilities.

CORRECTIONAL SERVICES

Inmate mental health services are provided through a joint effort with the Office of Mental Health (OMH) at units located in correctional and mental health facilities. In 2003-04, OMH and DOCS undertook a comprehensive review of the current treatment and program infrastructure for prisoners with serious mental illness. To strengthen an already extensive system of quality care, both agencies are implementing a number of new and expanded treatment services.

CAPITAL PROJECTS

The Department of Correctional Services operates an institutional network of 70 correctional facilities, a number of which were converted during prison expansion in the 1980's from very old facilities initially built for other uses. With the completion of Five Points Correctional Facility signaling the end of the most recent capacity expansion effort, the Department is now focusing its capital resources on critical physical plant maintenance and rehabilitation projects.
