INTRODUCTION

INTRODUCTION

The DOB¹ publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. It describes the State's multi-year capital program, the way it will be financed, and the impact of debt on the State's Financial Plan.

The Enacted Budget Capital Program and Financing Plan (the "Enacted Capital Plan" or "Plan") reflects capital spending and debt issuances in the FY 2014 Enacted Capital Plan.

The Enacted Capital Plan consists of five major sections as follows:

- **The Executive Summary** briefly describes the State's debt issuance plans, significant legislation affecting capital and debt, limitations on State debt, overall capital spending and projected levels of debt service costs, debt outstanding, new debt issuances, and debt retirements.
- **FY 2014 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by functional area and financing source.
- **Multi-Year Capital Plan** provides a summary of the multi-year impact of the FY 2014 Capital Program and Financing Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Debt Affordability** includes information related to the State's actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt and debt service costs.

REPORTING ON STATE DEBT

The Plan provides information on State-supported debt and the broader measure of State-related debt:

State-supported debt represents obligations of the State that are paid from traditional State resources (i.e., tax revenue) and have a budgetary impact. It includes general obligation debt approved directly by the voters and debt authorized by the Legislature and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. The State's debt reform caps on debt outstanding and debt service apply to State-supported debt.

State-related debt is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings and certain contingent-contractual obligation financings, where

¹ Please see "Glossary of Acronyms" at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

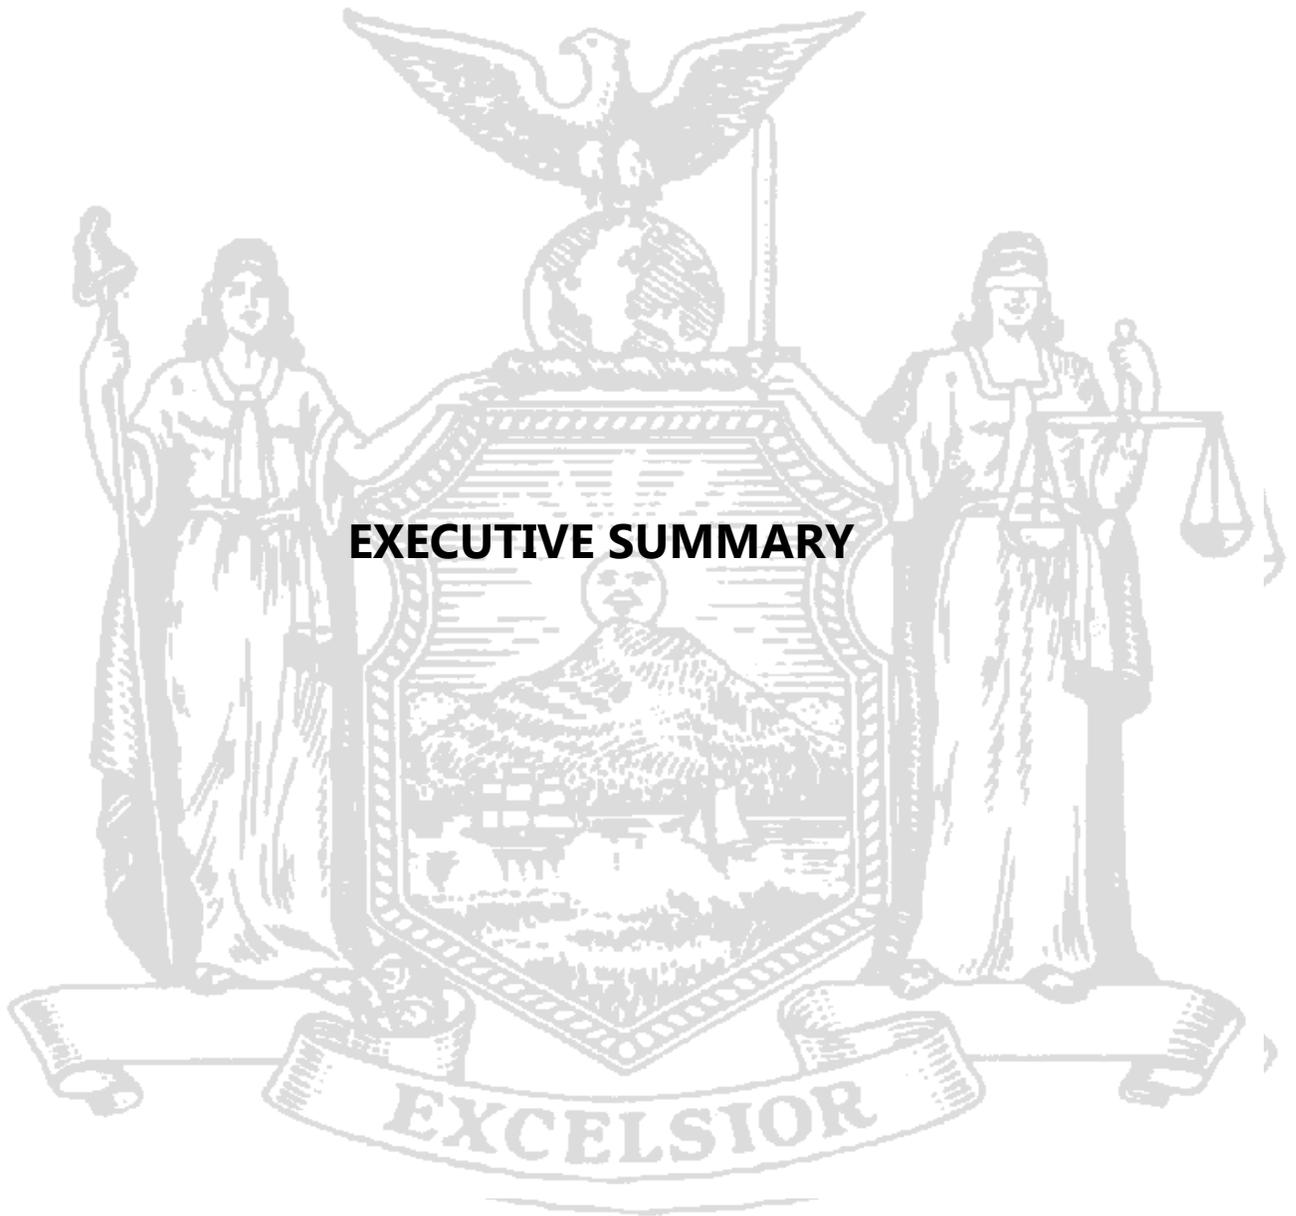

debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments.

State debt is reported in the Plan on a cash basis and includes all debt issued by the State and public authorities acting on its behalf for government activities and business-type activities as defined in the CAFR.

State debt does not include debt that is issued by State public authorities for which the State has no financial obligation (i.e., “conduit debt”), or debt issued by or on behalf of local governments and secured (in whole or in part) by State local assistance aid payments. For example, certain school districts and New York City have pledged State aid to help pay debt service for locally-sponsored and locally-determined financings. Because this debt was not issued by the State (nor on behalf of the State), it does not result in a State obligation to pay debt service, and is not considered State debt in the CAFR, therefore it is not included in the Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

FOR MORE INFORMATION

Additional information on the State’s debt portfolio is available on DOB’s public website ([New York State Division of the Budget](#)). The Investor’s Guide section of the site contains detailed information on New York State bonds including: swap and variable rate capacity reports, variable rate trading activity, PIT revenue bond debt service and debt outstanding, and the State’s bond issuance schedule. In addition, the State’s public website ([New York Bonds](#)) is tailored to potential investors of New York State bonds. The site provides specific information on the types of credits that New York State offers as well as the process for purchasing bonds.

EXECUTIVE SUMMARY

FY 2014 CAPITAL PLAN

NEW YORK WORKS TASK FORCE

In May 2012, Governor Cuomo and legislative leaders launched the New York Works Task Force ("Task Force"), bringing together leading finance, labor, planning and transportation professionals to coordinate a statewide infrastructure plan to more effectively and strategically allocate the State's capital resources.

Over the past several months, the Task Force has assessed the current state of capital investments in the State and developed tools to better coordinate capital planning and allocate resources statewide. Among the steps taken, the Task Force has:

- Surveyed State agencies and authorities that undertake capital spending;
- Studied other states' and countries' practices;
- Held public forums across the State to consider and seek input on the capital investment process;
- Established an implementation council of State agencies and authorities to facilitate communication and improvements to the capital allocation process; and
- Created a statewide capital plan template to standardize and prioritize capital project spending.

Adopting information gathered through this framework, the Task Force is in the process of finalizing the first statewide capital plan covering the activities of both the State government and its public authorities. It is expected to present an assessment and analysis of capital spending across more than 50 State agencies and public authorities throughout the State. Based on several sources and assumptions, DOB estimates the Task Force's statewide capital plan for FY 2014 will total approximately \$20.8 billion, including \$9.4 billion of State spending and \$11.3 billion of public authority spending (not captured in the State budget). The following table shows the capital spending projections for State agencies and public authorities for FY 2014 (the projections are for fiscal years ending in 2014, except where noted). The Task Force's final capital plan may differ, depending on the assumptions used.

EXECUTIVE SUMMARY

ESTIMATED CAPITAL SPENDING INCLUDED IN STATE BUDGET (thousands of dollars)	
State Agencies	State Disbursements FY2014
City University of New York	540,020
Department of Agriculture and Markets	13,446
Department of Correctional Services	234,677
Department of Environmental Conservation	586,535

Port of Oswego Authority	2,550
Rochester - Genesee Transportation Authority	94,642
State of New York Mortgage Agency	237,000
Thousand Islands Bridge Authority	11,000
Thruway Authority ⁽¹⁾	317,600
United Nations Development Corporation	22,395
Total- Public Authorities	11,326,382

⁽¹⁾ These agencies have both state and authority disbursements.

⁽²⁾ Excludes conduit financing entities: DASNY and EFC.

TOTAL ESTIMATED CAPITAL SPENDING IN FY 2014 (thousands of dollars)	
Total- State Budgeted Capital Spending	9,447,965
Total- Public Authorities (Not in State Budget)	11,326,382
Total	20,774,347

Please refer to the Task Force's statewide capital plan for more complete information on details regarding authority (non-State) spending and an analysis of the 10-year statewide capital plan. The report is expected to be released in May 2013. It will be available on the [New York Works Website](#).

EXECUTIVE SUMMARY

10-YEAR CAPITAL PLANNING PROJECTIONS FOR STATE CAPITAL ACTIVITIES

The Enacted Capital Plan is a component of the broader New York Works Capital Plan expected to be issued in May 2013. The Enacted Capital Plan summarizes the capital activities for State agencies and purposes, as well as the State's financial assistance for the capital activities of certain State authorities (e.g., MTA).

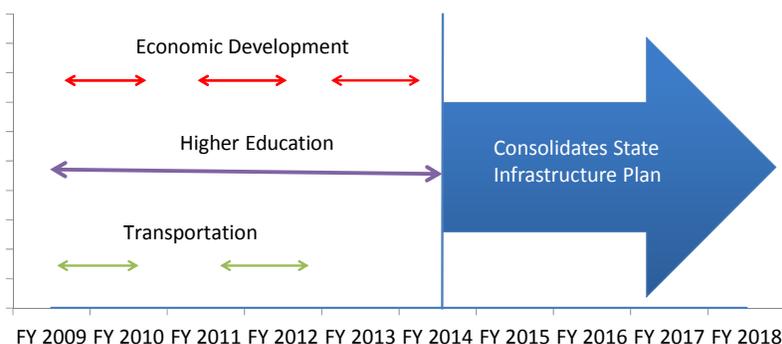

Consistent with the long-term planning goals of New York Works and the Executive Budget Capital Program and Financing Plan, the Enacted Capital Plan presents 10-year capital commitment and disbursement projections for State agencies. The commitments and disbursements over the 10-year planning horizon have been sized to ensure compliance with the State's debt limit, based on current estimates of personal income, the historical and projected pace of capital activity, and other factors. DOB expects the State will update the rolling 10-year projections annually.

The Enacted Capital Plan supports funding for both core capital assets and projects for economic development and critical infrastructure, and capital and debt reforms to reduce borrowing costs, improve efficiency, and promote long term planning. Total capital spending for FY 2014 is projected at \$9.4 billion, an increase of 6 percent from FY 2013.

The State's practice of authorizing capital plans for different purposes and covering different time periods has undermined effective capital planning. Accordingly, the current 10-year projections reflect a uniform set of capital planning assumptions for all State agencies. The State will no longer permit staggered capital planning cycles for different purposes (e.g., transportation, higher education, economic development, etc.) By using a consistent approach, the State will be in a position to compare and prioritize investments. DOB will continue to work closely with the NY Works Task Force to ensure that the proposed plan fully meets statewide needs.

Staggered Planning Cycles impede long term Capital Planning and Management

Plans have been reset to allow for comparing and prioritizing investments.

EXECUTIVE SUMMARY

DOB's debt capacity models take into account capital planning needs, personal income levels, interest rate forecasts, capital project timetables and historical spending patterns, and other factors. Some of the assumptions used to size the 10-year Capital Plan include:

- The State will continue to comply with the existing debt limit.
- Personal income estimates are consistent with the State budget forecast, and are then assumed to grow at the long-term average growth rate beyond the five-year forecast period.
- Updated capital plans submitted by agencies will be sized at the levels shown in the 10-year planning projections.
- Federal and State PAYGO resources remain relatively constant over the 10-year period.
- The restructured SUNY Dormitory Bonding Program will create a new distinct revenue credit, with no recourse to the State. Debt issued under the new program is not assumed to count against the State debt caps. All bonds outstanding under the "old" SUNY Dormitory Program will continue to count against the State debt caps until they are paid off or refunded. This is explained in more detail in the Debt Initiatives section of this document.

Over the duration of the planning period, capital spending will average \$9.2 billion annually. As a point of reference, total capital spending in FY 2004 was \$5.4 billion. By comparison, the growth rate from FY 2004 to FY 2011 was 8.1 percent, nearly twice the growth rate for the State Operating Funds budget (4.3 percent).

ANNUAL GROWTH RATES FOR CAPITAL SPENDING FY 2004 THROUGH FY 2023 (thousands of dollars)								
	Capital Spending					Annual Growth Since FY2004		
	FY 2004	FY 2011	FY 2014	FY 2019	FY 2023	FY2011	FY 2019	FY 2023
Transportation	3,219,076	4,427,616	4,700,131	4,244,622	4,524,000	4.66%	1.86%	1.81%
Higher Education	639,751	1,793,595	1,943,840	1,487,919	1,979,250	15.87%	5.79%	6.12%
Economic Development	214,776	1,157,766	598,799	887,931	900,000	27.21%	9.92%	7.83%
All Other	1,323,253	1,901,521	2,205,195	2,074,194	2,073,500	5.32%	3.04%	2.39%
Total	5,396,856	9,280,498	9,447,965	8,694,666	9,476,750	8.05%	3.23%	3.01%

The State will continue to (i) invest in core assets, and (ii) fund innovative projects. Capital projects cover a broad array of purposes that will enable the State to fortify its infrastructure and advance initiatives that promote economic development and create jobs. Resources will be used to maintain/improve roads and bridges, higher education facilities, parks, and environmental facilities, and other capital assets. This level of capital investment remains robust relative to historical standards.

AFFORDABLE 10-YEAR CAPITAL PLANNING

The 10-year capital planning model shows steady improvement in common affordability measures. The most common metric used by rating agencies to analyze debt affordability is the amount of outstanding debt relative to State personal income. As shown in the chart below, the debt to personal income would decline from 5.4 percent in FY 2014 to 4.1 percent in FY 2023 under the planning assumptions. In every year of the planning period, the debt to personal income ratio improves and represents the lowest level the State has recorded in decades. The debt to personal income ratio shows gradual improvement, despite factoring in sizeable capital adds in future years.

COMPARISON OF STATE-RELATED DEBT OUTSTANDING TO PERSONAL INCOME (billions of dollars)					
	2004	2009	2014	2019	2023
State Debt Outstanding	46.8	51.8	56.8	59.5	66.3
Personal Income ⁽¹⁾	695	937	1,053	1,367	1,631
Debt/Personal Income (%)	6.7%	5.5%	5.4%	4.4%	4.1%

⁽¹⁾ Enacted Budget estimates through FY 2018; and assumed growth rate of 4.5 percent (20-Year Average) thereafter.

The information that follows in subsequent sections covers the first five years of the Capital Plan, consistent with the requirements of State Finance Law. All data in the first five years of the Plan are consistent with the 10-year Plan shown above.

CAPITAL AND DEBT MANAGEMENT REFORMS

The FY 2014 Enacted Capital Plan includes statutory and administrative reforms that are expected to enhance the State's capital and debt management practices, and generate savings for FY 2014 and beyond. The reforms include:

- Instituting a new Sales Tax Revenue Bond credit to reduce interest costs and streamline debt issuance. The new credit will be secured by one penny of the State sales tax, and replicate the strong credit features of the PIT bond program. It will diversify the State's credit offerings, and enable greater investor participation, resulting in lower debt service costs. Since the new bonds will be subject to the debt cap, it will not result in additional State borrowing. It is simply a means to more efficiently borrow money within existing constraints.
- Authorizing a new self-supporting SUNY Dormitory Facilities bonding credit, which will remove the State appropriation feature and SUNY's general obligation pledge, eliminating any State support of the credit. The new credit will be backed solely by student dorm fees and will finance SUNY's residence hall program in the future.
- Continuing to prohibit borrowing to finance State administrative personnel and short-term equipment purchases. These costs will be funded from annual operating revenue. This important reform will assist the State in abiding by the Debt Reform Act cap.
- Reserving \$250 million for debt management purposes. The FY 2014 Enacted Budget also includes a transfer and the ability to spend up to \$500 million from DRRF that could be used to reduce the State's interest expense and increase capacity under the State's debt caps. Potential DRRF uses include paying down existing debt and cash financing capital projects that would otherwise be funded with debt.
- Continuing the State's policy goal of selling 50 percent of new debt issuances on a competitive basis in FY 2014, market conditions permitting. The State issued \$2.0 billion in debt on a competitive basis in FY 2013.
- Authorizing the State to access loans from the federal government for transportation projects of national and regional significance at even more favorable interest rates than can be achieved in the municipal bond market.

EXECUTIVE SUMMARY

CAPITAL PROJECTS SPENDING OVERVIEW

Capital projects spending consists of commitments for core capital programs and economic development. State capital projects spending is projected to total \$9.4 billion in FY 2014. This includes \$8.0 billion in spending that appears in the State's Financial Plan and \$1.4 billion in "off-budget" spending that is financed directly from bond proceeds.² Capital spending in FY 2014 will be financed with State-supported debt (\$5.3 billion, 57 percent), Federal aid (\$1.8 billion, 19 percent), and State cash resources (\$2.3 billion, 24 percent). Capital spending over the next five years is expected to average approximately \$9.2 billion annually, with the largest spending for transportation (48 percent) and education/higher education (20 percent). Capital spending in FY 2014 is projected to increase by \$543 million (6 percent) from FY 2013.

DEBT OUTSTANDING

State-related debt outstanding is projected to total \$56.8 billion in FY 2014, an increase of \$1.2 billion (2 percent) from FY 2013. New debt issuances are expected to total \$5.1 billion in FY 2014, offset by \$4.0 billion in debt retirements. The annual increase in debt outstanding includes \$932 million for education facilities, \$738 million for transportation, \$159 million for health and mental hygiene, and \$131 million for the environment.

Over the period of the Plan, State-related debt outstanding is projected to increase from \$55.7 billion in FY 2013 to \$59.1 billion in FY 2018, or an average increase of 1.2 percent annually.

DEBT ISSUANCES

Debt issuances of \$5.1 billion are planned to finance new capital project spending in FY 2014, an increase of \$1.5 billion (42 percent) from FY 2013. The bond issuances will finance capital commitments for transportation (\$1.9 billion), education (\$1.7 billion), health and mental hygiene (\$459 million), economic development (\$424 million), the environment (\$362 million), and State facilities and equipment (\$323 million).

Over the period of the Plan, new debt issuances are projected to total \$24.7 billion. New issuances are for transportation infrastructure (\$7.9 billion), education facilities (\$7.7 billion), economic development (\$4.1 billion), the environment (\$1.6 billion), mental hygiene and health care facilities (\$1.6 billion), and State facilities and equipment (\$1.5 billion).

² Reflects capital projects payments made by authorities on behalf of the State directly from bond proceeds. This spending is pursuant to capital contracts held by the authorities and is not captured by the State's Central Accounting System.

DEBT RETIREMENTS

The State expects to retire \$4.0 billion of debt in FY 2014, approximately \$124 million (3 percent) more than in FY 2013. The majority of the increase in retirements is for transportation (\$55 million), deficit bonds secured by revenues from the payments to the State under the master settlement agreement with tobacco companies (\$53 million), education (\$34 million), and health and mental hygiene (\$19 million). Debt retirements are projected to increase to \$4.6 billion in FY 2018.

DEBT SERVICE

State-related debt service is projected at \$6.3 billion in FY 2014, a decrease of \$381 million (6 percent) from FY 2013. The annual decrease is driven mainly by a decrease in education facilities (\$327 million) and other debt management actions. State-supported debt service is projected at \$5.7 billion in FY 2014, a decrease of \$408 million (7 percent) from FY 2013.

State-related debt service is projected to increase from \$6.7 billion in FY 2013 to \$7.6 billion in FY 2018, an average rate of 2.6 percent annually. After FY 2014, the debt service estimates do not reflect potential savings from refundings.

DEBT AFFORDABILITY MEASURES

Overall debt affordability measures from FY 2013 through FY 2018 show:

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Plan period, declining to a low point of about \$560 million in excess capacity in FY 2016.
- State-related debt service as a share of All Funds Receipts is projected to decrease from 5.0 percent in FY 2013 to 4.8 percent in FY 2018.
- State-related debt outstanding as a percentage of personal income is expected to decrease from 5.4 percent in FY 2013 to 4.5 percent in FY 2018.

DEBT REFORM ACT LIMIT

The Debt Reform Act of 2000 restricts the issuance of State-supported debt to capital purposes only and limits such debt to a maximum term of 30 years. The Act limits the amount of new State-supported debt to 4 percent of State personal income and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001 and was fully phased-in at 4 percent of personal income during FY 2011, while the cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001 and will increase until it is fully phased in at 5 percent during FY 2014. The State was found to be in compliance with

EXECUTIVE SUMMARY

the statutory caps for the most recent calculation period (FY 2012). Cap room at the time was calculated at \$4.0 billion.

Current projections estimate that debt outstanding and debt service will continue to remain below the limits imposed by the Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$3.6 billion in FY 2013 to \$560 million in FY 2016. This includes the estimated impact of the bond-financed portion of increased capital commitment levels included in the 10-year capital planning projections. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

CAPITAL PROGRAM AND FINANCING PLAN

CAPITAL PROGRAM AND FINANCING PLAN

FY 2014 CAPITAL PROJECTS SPENDING

The Enacted Capital Plan sets forth capital spending priorities within a fiscally responsible and comprehensive process for developing a long-term capital investment plan. The Governor's Enacted Budget includes spending for core capital projects and makes a significant investment in initiatives that will expand economic opportunities by investing in New York State's infrastructure. The highlights of these new initiatives include:

- Advancing a new capital appropriation that includes \$450 million in authority for disaster assistance costs related to Superstorm Sandy, reimbursed through Federal aid;
- Implementing and accelerating the development of more resilient critical infrastructure systems as part of a statewide effort to help protect New York from future storms and natural disasters;
- Continuing to implement the recommendations of the New York Works Task Force by investing in projects that stimulate the economy and create jobs; and
- Managing bond-financed spending within the State's existing debt limits.

Spending on capital projects is projected to total \$9.4 billion in FY 2014, which includes \$1.4 billion in “off-budget spending” directly from bond proceeds held by public authorities. Overall, capital spending in FY 2014 is projected to increase by \$543 million (6 percent) from FY 2013.

⁽¹⁾ Federal reimbursements are assumed in the plan for most of these storm-related expenses. State-share estimated at \$23.4 million.

CAPITAL PROGRAM AND FINANCING PLAN

SUPERSTORM SANDY

The Enacted Budget reflects the creation of the New York State Storm Recovery Capital Fund. Commitments from the new fund support the following:

- **Superstorm Sandy (\$450 million)** - Superstorm Sandy caused widespread flooding, power failures, and wind damage to public property in New York City, Long Island, and other downstate areas. Public infrastructure, including mass transit systems, public schools, and municipal buildings, sustained serious damage. The Enacted Capital Plan estimates capital outlays for disaster response and recovery will total approximately \$416 million over the next five fiscal years. Spending continues to occur across multiple agencies: Parks, CUNY, DOCCS, DOT, etc. The appropriation is sized to accommodate all Superstorm Sandy-related expenses. The Capital Plan assumes that Federal aid under the Stafford Act, Community Development Block Grant Program, Federal Highway Administration Program and other Federal programs, will reimburse the State for \$393 million of the recovery costs, leaving a shortfall of \$23.3 million (State Share).

STATE AND MUNICIPAL FACILITIES PROGRAM

- \$385 million to fund capital project costs associated with statewide infrastructure needs and facilities owned by either the State or local governments; water and/or sewer districts; the MTA; and facilities at SUNY and CUNY Senior and Community Colleges.

TRANSPORTATION

- \$225 million of incremental DOT commitments as part of the New York Works Program, including \$155 million for a new project acceleration initiative that will advance highway projects from future years into FY 2014; \$10 million for aviation projects; \$10 million for freight rail facilities; \$5 million for mass transit systems; and \$45 million for additional engineering needs. In addition, the Enacted Budget contains \$75 million in increased funding for the CHIPS local road program, for a total of \$438 million for the year.

ECONOMIC DEVELOPMENT

- \$56 million to keep the Buffalo Bills in Western New York, including \$54 million to upgrade Ralph Wilson Stadium.
- \$75 million for the Buffalo Regional Innovation Cluster, continuing the State's commitment to a multi-year \$1 billion economic development package for Buffalo.
- \$150 million Regional Economic Development Councils initiative, to support new competitive economic development projects identified by the Regional Councils consistent with long-term economic development strategies.

CAPITAL PROGRAM AND FINANCING PLAN

- \$25 million to NYSERDA for the Cleaner Greener Communities program that is designed to address climate change through energy efficiency, renewable energy, and other clean energy projects in New York State.

HIGHER EDUCATION

- \$110 million for a third round of NYSUNY 2020 grants and a new NYCUNY 2020 program. Projects will be selected in a competitive manner based on economic impact, advancement of academic goals, innovation and collaboration. Funds will be distributed in consultation with the Regional Economic Development Councils.
- \$50 million to fund maintenance for the SUNY and CUNY Community Colleges.
- \$88 million to support the SUNY Albany 2020 initiative and \$60 million for investments at Stony Brook.

ENVIRONMENTAL CONSERVATION AND PARKS

- \$90 million of new capital funding for DEC, OPRHP, the Department of Agriculture and Markets, and ORDA under the New York Works program to address a backlog of capital needs.

PUBLIC PROTECTION

- \$12.5 million in new commitments to the State Police to fund the acquisition of a helicopter to replace for one destroyed in an August 2012 crash.

GENERAL GOVERNMENT

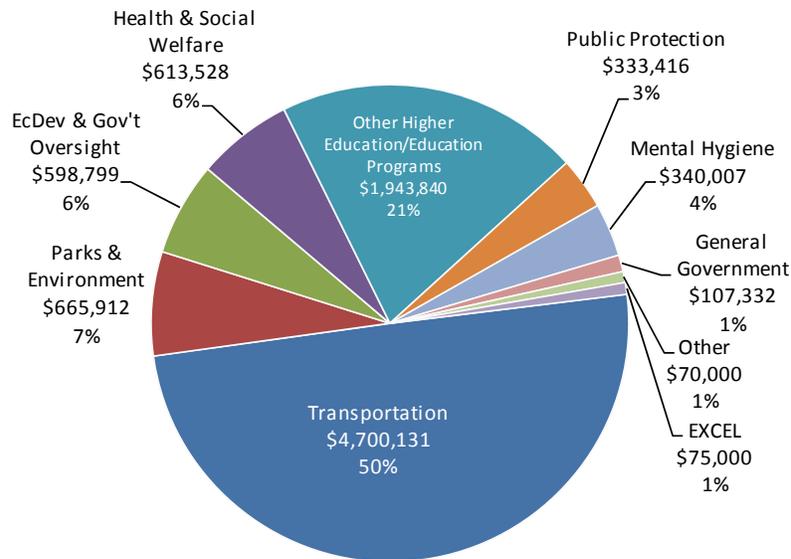

- \$102.7 million for capital renovation projects at OGS (\$15 million), plus an Innovative Technology Fund to continue the State's consolidation efforts and leverage technologies to create operating efficiencies and lower costs (\$87.7 million). The governance process will include a threshold for ROI to qualify for funding.

CAPITAL PROGRAM AND FINANCING PLAN

ANNUAL CAPITAL SPENDING DISBURSEMENTS AND DEBT IMPACTS

The following sections summarize total capital spending from new and existing appropriations included in the FY 2014 Enacted Budget and the related impact on State debt.

**FY 2014 Capital Spending by Function
(thousands of dollars)**

In FY 2014, transportation spending is projected to total \$4.7 billion, which represents 50 percent of total capital spending, with education including the EXCEL program comprising the next largest share at 22 percent. Economic development spending represents 6 percent and environmental spending represents 7 percent. The remaining 15 percent is comprised of spending for mental hygiene, health and social welfare, public protection and all other capital programs.

Spending for transportation is projected to increase by \$269 million (6 percent) in FY 2014, reflecting the continuation of accelerated spending on road and bridge projects under the NY Works program and additional CHIPs funding included in the Enacted Budget.

Parks and environment spending will decrease by \$72 million (-10 percent) in FY 2014 reflecting the continued phasedown of voter-approved bond authorizations.

CAPITAL PROGRAM AND FINANCING PLAN

Economic development and government oversight spending is projected to increase by \$173 million (40 percent). This spending reflects several new economic development initiatives designed to spur job growth, including money for the Regional Councils Initiative. Also, in FY 2014, the Enacted Budget dedicates resources to western New York to bolster the Buffalo Regional Innovative Cluster, and the Buffalo Bills Stadium improvements. It also provides additional investments in capital projects for higher education that will provide statewide economic opportunities, including SUNY 2020 and CUNY 2020.

Spending for health and social welfare is projected to increase by \$52 million (9 percent). This increase reflects ongoing commitment levels of the \$1.6 billion HEAL NY program enacted in FY 2008.

Education spending is projected to decrease by \$107 million (-5 percent) in FY 2014. This is primarily due to declining spending at SUNY related to the removal of the residence hall program and continued spending from previously enacted capital plans, as well as the phase down of the EXCEL program.

Spending increases of \$89 million (37 percent) for public protection primarily reflect the State's share of funding related to damages caused by Superstorm Sandy, enhanced aviation equipment, continued investments in the Division of Homeland Security and Emergency Services State Preparedness Training Center, as well as preservation and improvement projects at correctional facilities.

Mental hygiene capital spending will increase by \$104 million (44 percent) due to rehabilitation projects at State and not-for-profit facilities and ongoing development of community residences.

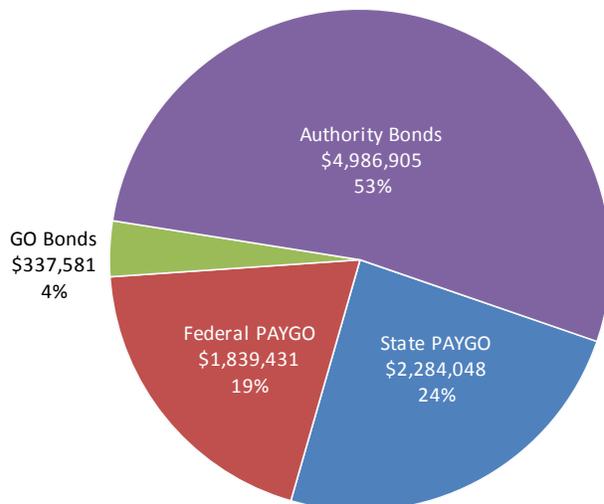

General government capital spending will increase by \$41 million (62 percent) primarily attributable to costs associated with State technology projects, which will be selected through a governance process that will include a threshold for ROI to qualify for funding.

Spending for agencies in the All Other category is projected to decrease by \$4 million (-6 percent) primarily due to reduced spending from the Statewide equipment program.

CAPITAL PROGRAM AND FINANCING PLAN

FINANCING FY 2014 CAPITAL PROJECTS SPENDING

FY 2014 Capital Spending by Financing Source
(thousands of dollars)

In FY 2014, the State plans to finance 57 percent of capital projects spending with long-term debt. Federal aid is expected to fund 19 percent of the State's FY 2014 capital spending, primarily for transportation. State cash resources will finance the remaining 24 percent of capital spending. Year-to-year, total PAYGO support is projected to decrease by \$159 million, with State PAYGO decreasing by \$138 million and Federal PAYGO support decreasing by \$21 million. Bond-financed spending is projected to increase by \$700 million.

NEW DEBT INITIATIVES

SALES TAX REVENUE BOND PROGRAM

Legislation enacted with the FY 2014 Budget created a new sales tax revenue bond program. This will replicate the highly successful AAA-rated financing structures for PIT and LGAC revenue bonds, providing the State with increased efficiencies and a lower cost of borrowing. The State expects to finance all of its bond-financed capital needs in FY 2014 through only three highly-rated debt programs - PIT revenue bonds, new sales tax revenue bonds, and general obligation bonds.

The legislation created the Sales Tax Revenue Bond Tax Fund, an account within the General Debt Service Fund that will provide for the payment of these bonds. The new sales tax revenue bonds will be secured by the pledge of payments from this fund, which will receive one percent of the State's four percent sales and use tax receipts. Upon the satisfaction of all of the obligations and liabilities of LGAC, this will increase to two percent of sales tax receipts. Tax receipts in excess of debt service requirements will be transferred to the State's General Fund.

The Fund will have the same strong appropriation-incentive and bondholder protection features as PIT and LGAC bonds. A "locked box" feature will preclude transfers back to the General Fund in the unlikely event of non-appropriation or non-payment. In addition, a General Fund "reach back" will be provided in the unlikely event that revenues are insufficient to pay debt service.

The sales tax revenue bonds will be used interchangeably with PIT bonds to finance State capital needs, and provide a vehicle to end the use of older, higher cost debt structures.

SUNY DORMITORY FACILITIES BONDING PROGRAM

Legislation adopted with the Enacted Budget created a new self-supporting program to finance SUNY Dormitory Facilities, and eliminated any State support. The new bonding program will be supported solely by third party revenues generated by student rents. The revenues will flow directly to DASNY for the payment of debt service without an appropriation. Unlike the existing program, the new program will not benefit from the SUNY general obligation pledge, effectively eliminating any State support, direct or indirect, for the new bonds. Going forward, SUNY Dormitory Facilities capital needs will be funded through this new credit. The existing SUNY Dormitory Facilities bonds will continue to be counted as State-supported debt until they are refunded into the new program or are paid off.

CAPITAL PROGRAM AND FINANCING PLAN

COMPETITIVE BOND SALES

Issuing bonds on a competitive basis is an effective way to (i) lower borrowing costs, (ii) provide an essential benchmark for bonds sold on a negotiated basis, and (iii) increase transparency related to the bond sale process. The State has a goal of issuing 50 percent of its bond sales on a competitive basis. In FY 2013, the State sold 48 percent, or \$1.7 billion of all new money issuances and 31 percent of all bond sales, including refundings, on a competitive basis. These sales provided consistently low interest costs compared to market indices and provided lower issuance costs. Market conditions permitting, it is the State's intention to maintain the goal of selling at least 50 percent of bonds on a competitive basis in FY 2014, while continuing to maintain a significant presence — roughly \$2.6 billion — in the negotiated market.

FY 2014 DEBT ISSUANCES

Debt issuances will finance capital investments authorized in the transportation program, the higher education capital plan, to protect the environment, to enhance the State's economic development, and maintain correctional and mental hygiene facilities.

The State expects to issue \$5.1 billion in debt during FY 2014 to finance existing and newly-authorized capital program initiatives. Consistent with recent experience, education and transportation projects are projected to represent approximately two-thirds of new issuances. The remaining balance is divided between economic development and housing, environmental facilities, health and mental hygiene facilities, and State facilities. Over time, the State expects to substantially transition to using only three credits - general obligation bonds, PIT revenue bonds, and the new sales tax revenue bonds.

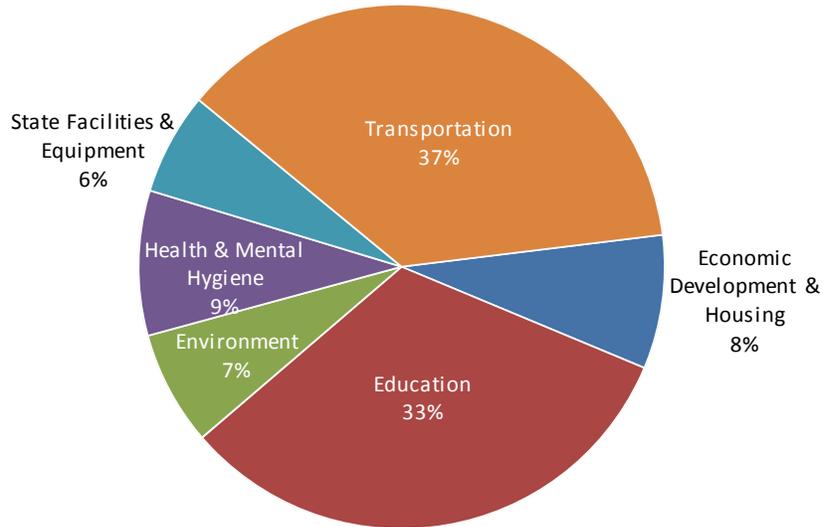

The \$5.1 billion in new issuances are expected to be sold through various bond sales scheduled for FY 2014:

- \$3.6 billion through the PIT revenue bond program;
- \$1.1 billion through the sales tax revenue bond program; and
- \$379 million of State general obligation bonds.

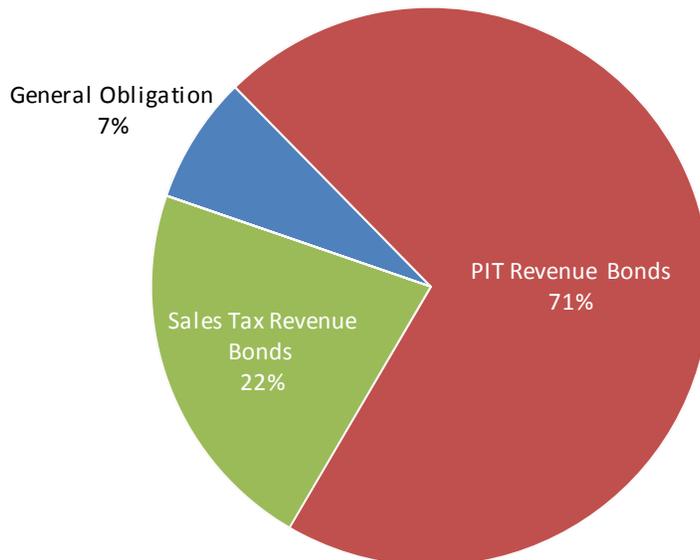

CAPITAL PROGRAM AND FINANCING PLAN

The following pie charts provide a distribution of the projected debt issuances for new capital projects in FY 2014 by both functional area and financing program.

FY 2014 Debt Issuances by Function
\$5.1 Billion Projected

FY 2014 Debt Issuances by Credit Structure
\$5.1 Billion Projected

CAPITAL PROGRAM AND FINANCING PLAN

FY 2014 DEBT RETIREMENTS

Retirements represent the annual repayment of principal for State-related debt as of the payment date due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has a significant impact on the State's ability to recycle debt capacity to finance its capital programs. The term of new money bonds will continue to be no greater than the useful lives of the projects financed. In addition, a maximum of ten-year terms will continue to be used for taxable programs.

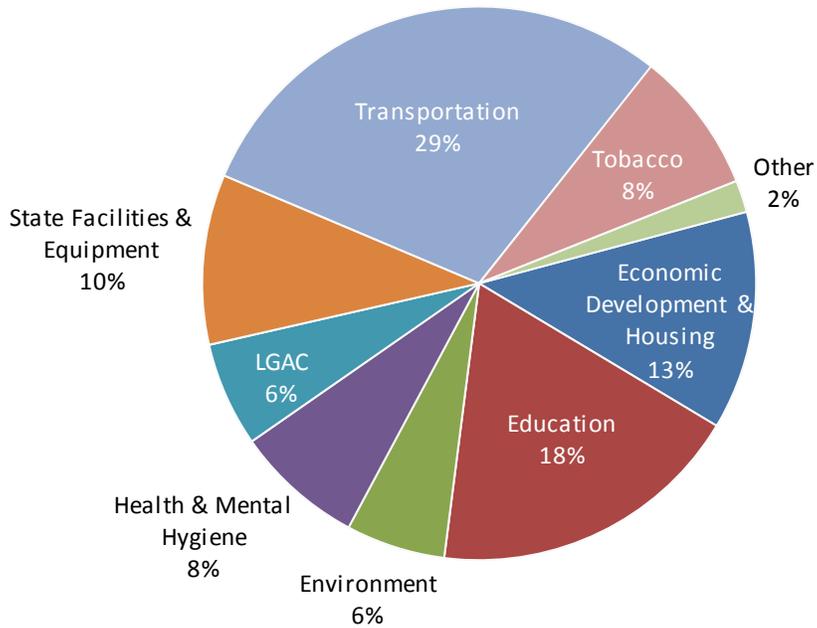

NEW YORK STATE - RAPIDITY OF PRINCIPAL RETIREMENT	
Period	Cumulative Percentage of Existing Debt Scheduled for Retirement as of 3/31/2013
5 years	33%
10 years	60%
15 years	79%
20 years	91%
25 years	98%
30 years	100%

Over the next five years, retirements of State-related debt are projected to average \$4.2 billion annually. Retirements will increase for many of the State's largest bonding programs, including those for transportation, SUNY, CUNY, DOCCS, and mental hygiene.

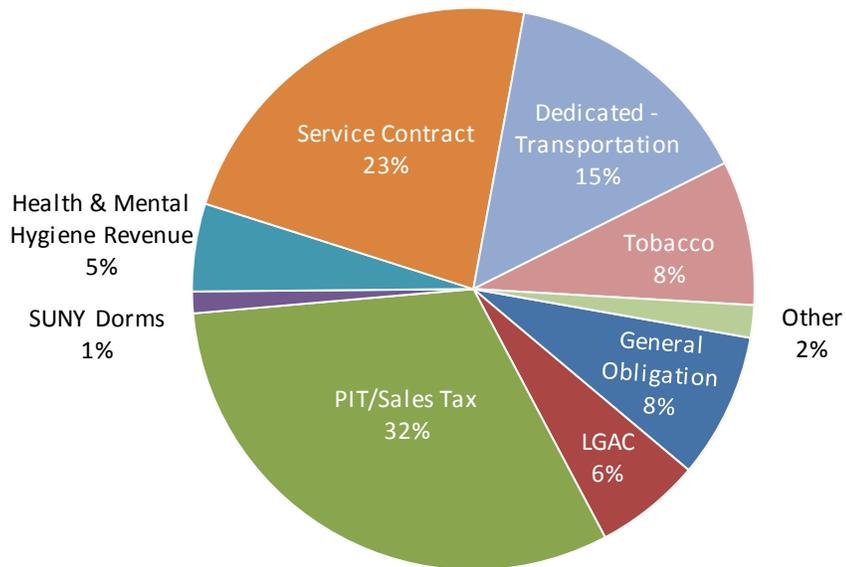

The following pie charts provide a distribution of projected debt retirements by both functional area and financing program.

CAPITAL PROGRAM AND FINANCING PLAN

Debt Retirements by Function
\$4.0 Billion Projected in FY 2014 Budget

Debt Retirements by Credit Structure
\$4.0 Billion Projected in FY 2014 Budget

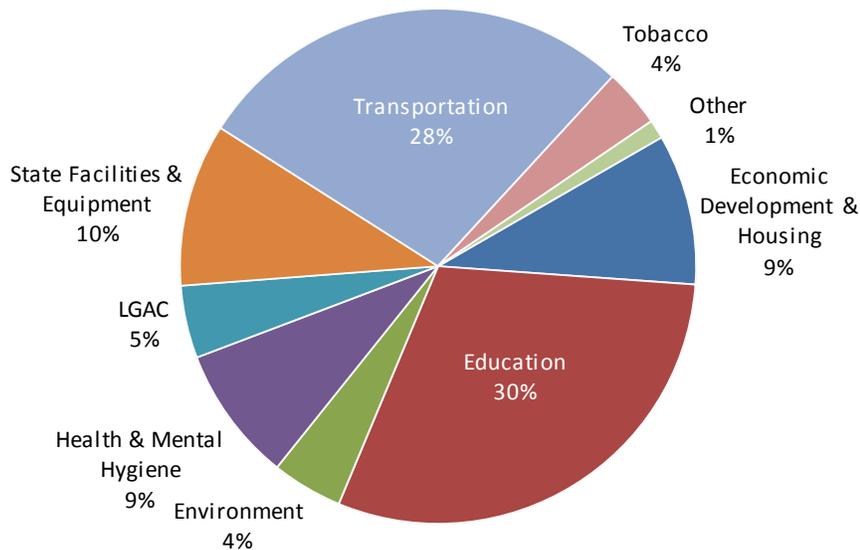

CAPITAL PROGRAM AND FINANCING PLAN

FY 2014 DEBT OUTSTANDING

State-related debt outstanding is projected to increase from \$55.7 billion in FY 2013 to \$56.8 billion in FY 2014. Debt issuances during FY 2014 are expected to add about \$5.1 billion in new debt, while \$4.0 billion of State-related debt is expected to be retired during FY 2014.

The \$56.8 billion of State-related debt outstanding in FY 2014 consists of debt issued for each of the major programmatic areas as summarized below. The debt of LGAC (issued to eliminate short-term borrowing for cash flow purposes) and tobacco bonds (issued to help close deficits in FY 2003 and FY 2004) are not allocable to any specific functional area since they served a statewide purpose.

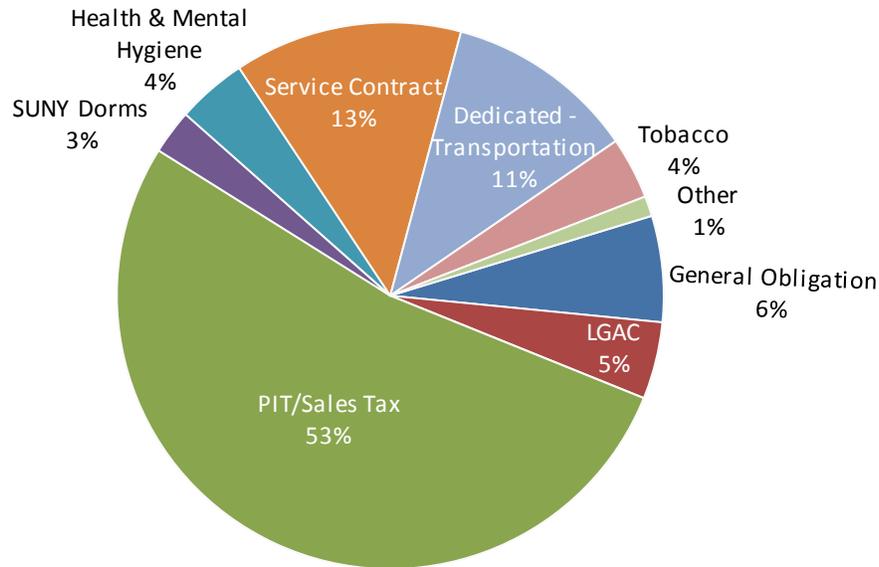

Debt Outstanding by Function
\$56.8 Billion Projected at March 31, 2014

The following pie chart portrays the same level of debt outstanding, but allocates it by type of borrowing mechanism or credit structure, rather than by program. Analyses later in the Plan provide more detail on the components and types of State debt.

CAPITAL PROGRAM AND FINANCING PLAN

Debt Outstanding by Credit Structure \$56.8 Billion Projected at March 31, 2014

FY 2014 DEBT SERVICE

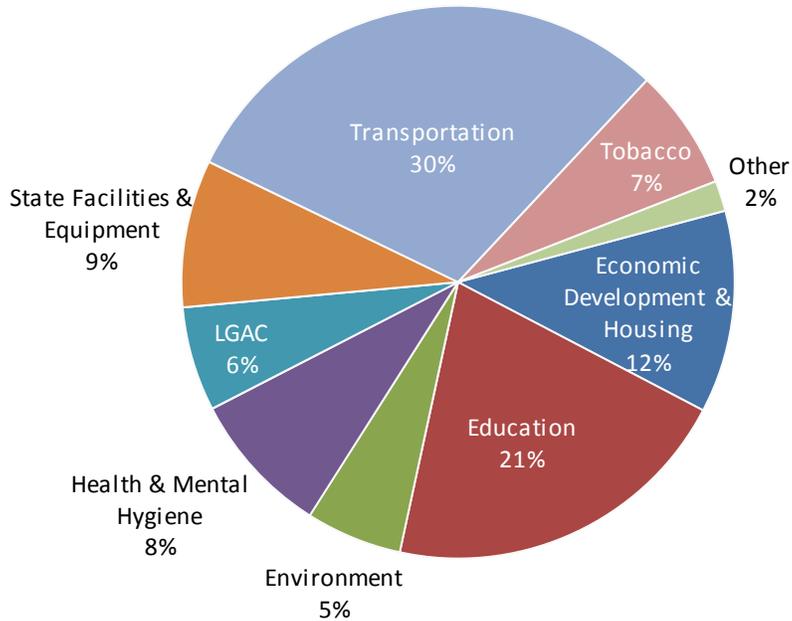

State-related debt service is projected to total \$6.3 billion in FY 2014. The State's debt service costs consist primarily of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. The vast majority – about \$6.1 billion – consists of debt service payments due on existing debt. The remainder of FY 2014 payments (\$142 million) is expected to result from new money debt issuances.

Significant bond-financed capital investments, primarily for transportation, education, economic development and corrections, drive most of the State's debt service costs. The majority of debt service costs are for bonds issued on the State's behalf by public authorities. As the State issues bonds under the PIT and sales tax credit structures, debt service for service contract bonds will decline, while the PIT and sales tax revenue bond debt service will increase.

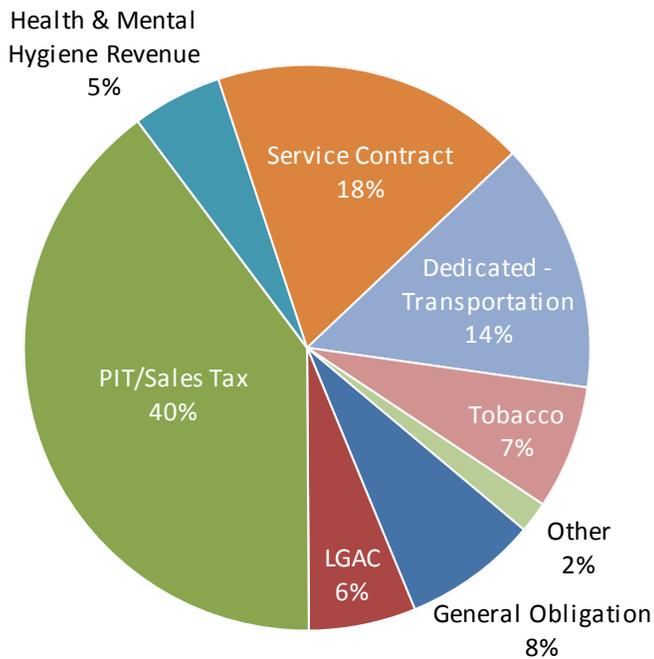

The following pie charts summarize the major debt service costs by both functional area and financing program.

⁽¹⁾ Represents spending which occurs directly from bond proceeds held by public authorities.

Over the five years of the Enacted Capital Plan, capital spending is projected to total \$45.8 billion, the majority of which will support transportation projects (48 percent) and education (20 percent).

FIVE-YEAR CAPITAL PLAN

TRANSPORTATION

The Enacted Budget provides the first year of appropriations for a new 2-year transportation program that will provide \$7.1 billion in transportation capital investments in FY 2014 and FY 2015. Highlights of the FY 2014 Budget include \$225 million for the New York Works Program: \$155 million for a new project acceleration initiative that will advance projects from future years into FY 2014, for a total highway construction program of \$1.9 billion for the year; a \$10 million increase for aviation facilities, for a total aviation program of \$14 million for the year; a \$10 million increase for freight rail facilities, for a total rail capital program of \$20 million for the year; and \$5 million in new funding for downstate suburban and upstate transit systems, for a total program of \$24 million for the year; and \$45 million for additional engineering needs. The Enacted Budget also includes \$75 million of increased funding for the CHIPS local road program, for a total combined CHIPS/Marchiselli program of \$478 million for the year.

This State-financed capital enhancement builds upon core transportation funding to provide a total DOT capital program of nearly \$3.7 billion, including highways, bridges, rail, aviation, non-MTA transit, and DOT facilities. The Enacted Budget also continues to spend the \$1.16 billion in New York Works accelerated infrastructure investment from the FY 2013 Enacted Budget.

The DOT capital plan will be financed by State-supported bonds, remaining resources from the 2005 Rebuild and Renew New York Transportation Bond Act, PAYGO resources supported by dedicated taxes and fees, capital projects funds and substantial amounts of Federal aid. Additional resources are also required to fund the DOT plan. The FY 2014 Enacted Budget includes cash transfers of \$551 million from the General Fund to balance the DHBTF. Cash transfers are anticipated to be \$3.3 billion over the five year period.

Each year, over \$300 million of engineering costs are disbursed in the first instance from State sources but are later reimbursed by Federal PAYGO funds. In the Financing Sources table below, these costs are reflected as State PAYGO spending.

PARKS AND ENVIRONMENT

Parks and environment capital spending will continue to focus on the cleanup of environmental hazards, as well as the rehabilitation of critical infrastructure. Spending in this category will decline over the Plan period, primarily as a result of the completion of ARRA funded projects.

Spending to support the State Superfund Program and the Brownfield Program for the remediation of hazardous waste and hazardous substances and for off-site contamination of Brownfield clean-up sites will average about \$94 million annually. This includes \$12 million annually to support PAYGO grants and the implementation of State Superfund and Brownfield Cleanup Programs.

Average annual spending of \$157 million from the EPF will finance a variety of critical environmental and recreational activities. RETT revenues, which have been dedicated to financing capital projects supported by the EPF, will continue at the FY 2013 level of \$119 million in FY 2014 and remain at that level in each subsequent year of the Plan. A transfer of \$19 million in Bottle Bill revenues will increase EPF spending in FY 2014 to \$153 million. Additional revenues from wetland permit application, pesticide application, and water withdrawal fees totaling \$6 million will also be deposited into the EPF, as well as dedicated revenue totaling \$4 million from freshwater wetland, mineral resource, hazardous waste and electronic waste fees and \$5 million from interest and the sale and lease of surplus property.

Spending financed by the CW/CA Bond Act approved by the voters in 1996 will average \$34 million annually over the Plan period and will finance water quality improvement and landfill and recycling projects. Spending from the SPIF is projected to average over \$100 million annually over the Plan.

FIVE-YEAR CAPITAL PLAN

The Enacted Budget includes new capital appropriations under the New York Works program to fund capital infrastructure projects statewide, spur the creation of jobs, and leverage private sector and Federal investment, including \$40 million in new State funding for DEC to advance recreation investments, brownfield contamination cleanup projects, legacy environmental projects, e-business initiatives and wastewater infrastructure; \$45 million in the OPRHP budget for Parks to address a large backlog of capital rehabilitation and improvement needs at State parks and historic sites; and \$2.5 million for improvements at facilities operated by ORDA. In the outyears, an additional \$45 million will be appropriated each year to maintain OPRHP's capital funding at \$90 million annually.

ECONOMIC DEVELOPMENT AND GOVERNMENT OVERSIGHT

Economic development and government oversight spending will support economic development capital projects and programs that are integrated with regional strategies to create jobs, increase economic activity and retain and attract businesses to the State.

The FY 2014 Enacted Budget includes \$403 million in new appropriations for regional economic development initiatives. The new funding provides over \$150 million for competitively determined economic development projects through the Regional Councils; \$12 million for the Empire State Economic Development Fund to support new infrastructure and other economic development projects that attract new or retain existing jobs across the State; \$75 million for Buffalo Regional Innovation Cluster activities, as part of the \$1 billion multi-year economic development package; \$56 million for the retention of the Buffalo Bills professional football franchise in Western New York; and \$110 million for a third round of NYSUNY 2020 Challenge Grant Program and the first year of NYCUNY 2020 Challenge Grant Program. The Enacted Budget also provides \$25 million to ERDA for the Cleaner, Greener Communities program.

The Enacted Budget maintains over \$2 billion in reappropriated capital funding for initiatives facilitating economic growth in New York. This includes funding for the continued support of various economic development and regional initiatives, including regional council and high technology initiatives, grants for communities impacted by correctional and youth facility closures, statewide competitive grant programs administered by ESDC, specific downstate regional initiatives, and upstate city-by-city projects. Funding also includes the continued support of specific economic development, cultural facilities, university development, environmental, and energy projects administered by ESDC and DASNY.

FIVE-YEAR CAPITAL PLAN

HEALTH AND SOCIAL WELFARE

Capital spending for health and social welfare supports: the preservation and maintenance of youth facilities operated by OCFS, HHAP grants administered by OTDA, and capital projects to protect the health and safety of patients at veterans' homes, Helen Hayes Hospital, and laboratory research facilities operated by DOH. Additionally, the Health and Social Welfare program area has been changed to include programs administered by DHCR to create and preserve affordable housing units across the State.

The Enacted Capital Plan also includes \$580 million in capital reappropriations for the continuation of the HEAL NY program enacted in FY 2008. The program supports targeted investments in health care infrastructure designed to enhance the efficient operation of health care facilities, close or restructure underutilized capacity and upgrade information and health care technologies. Program costs will be financed through a combination of PAYGO and authority bonds.

EDUCATION

Education capital spending includes the costs of the five-year plans for SUNY, CUNY, SED and the Higher Education Capital Matching Grants Program. Also included is continued spending for the EXCEL program.

The FY 2014 Enacted Budget expands the State's capital investment in public higher education by providing SUNY and CUNY with \$2.0 billion in new commitments during the upcoming five-year period. These new resources will enable SUNY and CUNY to invest in projects at the public university systems, which will be selected in a competitive manner based on economic impacts, advancement of academic goals, innovation and collaboration. In addition to these large-scale new initiatives, the State remains committed to maintaining SUNY, CUNY and Community College infrastructure through additional investments in maintenance.

Specifically, the FY 2014 Enacted Budget includes \$55 million for a third round of NYSUNY 2020 grants and \$55 million for new NYCUNY 2020 grants, which are administered by ESDC. This \$110 million in new funding will offer additional grants for 2 and 4 year colleges and universities within both SUNY and CUNY systems. Over the next five-year period, the State will award approximately \$550 million across the SUNY and CUNY systems through these competitive processes. Additionally, in 2012, the Governor approved NYSUNY 2020 grant applications for the University at Albany and Binghamton University; the FY 2014 Enacted Budget includes \$113 million in appropriations to support a portion of these projects.

In addition to new competitive grants through NYSUNY 2020 and NYCUNY 2020, the State remains committed to supporting the existing infrastructure at the public university systems. The FY 2014 Enacted Budget supplements SUNY and CUNY's current maintenance programs by adding close to \$780 million in additional bonded spending authority over the next five years (approximately \$555 million for SUNY and \$225 million for CUNY). Over the past five years, the State has financed \$4.2 billion in capital maintenance for both university systems, of which \$1.8 billion has been expended through FY 2013.

Current estimates project \$1.35 billion in FY 2014 disbursements for SUNY, including \$968 million associated with the State-operated campuses and hospitals, as well as \$105 million for community colleges. In addition, \$180 million is projected for SUNY's residence hall program, as well as \$70 million in spending for educational facility projects supported by non-State funds (i.e., grants and donations) and \$29 million for the State University Construction Fund and smaller maintenance projects supported by the General Fund. In addition to the \$1.35 billion in projected disbursements for SUNY's capital program, the State also anticipates \$540 million in FY 2014 spending for CUNY's capital program. CUNY's capital spending includes \$436 million for senior colleges, \$52 million for community colleges and \$52 million for operating costs and smaller maintenance projects supported by the General Fund.

FIVE-YEAR CAPITAL PLAN

The FY 2014 Enacted Budget also expands SED's capital budget by providing an additional \$17 million in new capital appropriations to support construction projects at local libraries (\$14 million) and critical maintenance projects at SED's State-owned facilities (\$3 million), including the Batavia School for the Blind. Current estimates project the State will spend approximately \$183 million over the upcoming five-year period for SED's capital projects.

This projection includes \$70 million for public library construction projects; \$60 million for the Cultural Education Storage Facility; \$22 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, Cultural Education Center and the Education Building; \$17 million for the Statewide Longitudinal Data System to track student performance; and \$14 million for the Museum Gallery Renewal Project.

Overall, spending for education capital projects is projected to decrease by \$107 million (5 percent) on a year-to-year basis in FY 2014.

PUBLIC PROTECTION

Capital spending for public protection will continue to focus primarily on preserving and maintaining infrastructure investments at correctional facilities, and facilities operated and maintained by the Division of Homeland Security and Emergency Services, Division of Military and Naval Affairs, and Division of State Police.

Spending is projected to increase by \$89 million (37 percent) from FY 2013 to FY 2014, primarily reflecting investments in high-priority projects, including: additions and renovations to the Walsh Regional Medical Unit for long-term care for inmates; design and construction of State Police Troop L Zone Headquarters; a new State Police multi-purpose helicopter to replace one that crashed in 2012; and projects at the State Preparedness Training Center at Oriskany. The increase in spending is also attributed to the State Share of the FHWA disaster costs.

FIVE-YEAR CAPITAL PLAN

MENTAL HYGIENE

Spending for mental hygiene capital projects will continue to support essential health and safety, rehabilitation and maintenance projects needed to preserve and maintain both institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

Mental hygiene capital spending will increase by \$104 million (44 percent) over FY 2013. Funding will continue to support critical rehabilitation projects at State facilities, including necessary enhancements in OPWDD community residential and day programs to meet fire safety standards, and the continued development of community residences, including new residential treatment opportunities to support adolescents, women with children, and veterans.

GENERAL GOVERNMENT

General government capital spending includes construction, rehabilitation, consolidation and renovation of State office buildings to maintain asset value, achieve space efficiencies and reduce operational costs; and costs associated with State information technology projects. Spending for the Office of General Services will continue to support State facilities capital projects. The Innovative Technology Fund, established within OITS, will be used to continue the State's consolidation efforts and leverage new technologies to create operating efficiencies and lower costs. The State's new IT Governance Process will prioritize projects for this funding based on projected ROI and improved customer experience. The fund is expected to spend \$41 million in FY 2014.

FIVE-YEAR CAPITAL PLAN

OTHER

Spending for agencies in the All Other category supports capital investments for statewide equipment, systems development and upgrades; capital projects for the Judiciary; and capital spending financed with Federal funds for the World Trade Center site.

The Enacted Budget also includes \$385 million for a State and Municipal Facilities Program. The funding will be allocated for State and local capital projects. Eligible entities include:

- State agencies;
- Local governments (e.g. counties, cities, towns and villages);
- Water and sewer districts;
- the MTA; and
- SUNY and CUNY senior and community colleges.

FINANCING SOURCES OF CAPITAL PROJECTS SPENDING

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. The amounts for All Governmental Funds spending includes both those capital project disbursements that are reflected in the Comptroller's accounting system and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in the GAAP accounting statements. Of the FY 2014 capital spending, 57 percent is projected to be financed with authority-issued bonds and voter-approved general obligation bonds, and 43 percent is projected to be financed with State and Federal PAYGO resources.

AUTHORITY BOND FINANCING

Public authority bonds will be issued to support capital projects over the Enacted Budget Capital Plan. Authority revenue credits include State PIT Revenue Bonds, new Sales Tax Revenue Bonds, and DHBTF Bonds.

Authority bond-financed capital spending is reimbursed by the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Bond reimbursement is managed to provide the most efficient reimbursement possible. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Plan period, approximately 56 percent of total spending will be financed with authority bond proceeds. The State expects to use State PIT and Sales Tax Revenue Bonds as the financing vehicles for the vast majority of bond-financed spending.

- **State PIT and Sales Tax Revenue Bonds** will be issued to support multiple capital program areas, as summarized below:
 - **Education:** supports SUNY and CUNY, EXCEL, NYSTAR, and the Higher Education Capital Matching Grant Program (FY 2014 issuances of \$1.7 billion).
 - **Environment:** supports the State Revolving Fund, the State Superfund Program, EPF, State Parks and other environmental projects (FY 2014 issuance of \$302 million).
 - **Transportation:** supports State and local transportation infrastructure, including the CHIPs program and projects at the Peace Bridge (FY 2014 issuances of \$1.6 billion).

FIVE-YEAR CAPITAL PLAN

- **Economic Development and Housing:** supports housing, SIP, economic development projects for the Buffalo area, CEFAP, the Regional Economic Growth Program, high technology and other business investment programs, and recent economic development initiatives (FY 2014 issuances of \$424 million).
- **Healthcare:** supports the program for capital and equipment grants to health care providers, as well as capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS (FY 2014 issuances of \$459 million).
- **State Facilities and Equipment:** supports correctional facilities, youth facilities, State office buildings, State Police capital, and capital projects for DMNA (FY 2014 issuances of \$323 million).

The estimated debt service coverage ratios for PIT and Sales Tax Revenue bonds is shown below.

PROJECTED PIT REVENUE BOND COVERAGE RATIOS FY 2014 THROUGH 2018 (thousands of dollars)

Projected PIT Coverage Ratio	37.4	17.1	11.3	8.4	6.7

GENERAL OBLIGATION BOND FINANCING

The State finances a small portion of its capital projects with general obligation bonds. It is projected to be 4 percent in FY 2014. In FY 2014, the State expects that \$379 million of general obligation bonds will be issued to fund projects authorized pursuant to the Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes (\$319 million), and the CW/CA and all other environmental bond acts (\$60 million).

General obligation bond financing of capital projects is accomplished through the issuance of full faith and credit bonds that have been authorized by the voters. General obligation bond-financed spending (\$870 million) accounts for approximately 2 percent of total spending over the Plan period. The Plan assumes the continued implementation of nine previously authorized bond acts (five for transportation and four for environmental and recreational programs). The bulk of projected general obligation bond-financed spending was authorized in the 2005 Rebuild and Renew New York Bond Act. Spending authorizations from the remaining eight bond acts will be virtually depleted by FY 2014.

STATE AND FEDERAL PAYGO SOURCES AND USES

State PAYGO resources include: General Fund taxes; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including the General Fund. Over the five-year Plan period, State PAYGO resources of \$11.8 billion will support 26 percent of total spending. Of the total, approximately \$4.9 billion will be used to support the operating expenses of DOT and DMV. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, public protection, and housing, and constitute \$7.4 billion or 16 percent of total spending over the Plan period.

Including \$3.3 billion of spending funded by transfers from the General Fund to the DHBTF, \$1.6 billion of spending funded by transfers from the Federal Capital Projects Fund to the DHBTF, and \$3.2 billion of spending funded by DHBTF revenues, a total of \$8.1 billion (over \$1.6 billion annually) of State PAYGO is disbursed by the DHBTF. The DHBTF receives revenue from the petroleum business tax, motor fuel tax, highway use tax, auto rental tax, motor vehicle and other transportation-related fees. Receipts deposited into the DHBTF are used to finance capital projects on a PAYGO basis, to pay operating expenses of transportation agencies and to pay debt service on transportation bonds.

Capital spending supported by General Fund receipts is classified as a transfer to the various Capital Projects Funds. The General Fund transfer, which is reflected in total State PAYGO spending, is projected at \$1.2 billion in FY 2014 and will average \$1.6 billion annually over the Plan period. The General Fund transfer primarily finances non-bond eligible capital spending, including minor rehabilitation projects of facilities operated by OGS, DEC, Parks, and the Department of Mental Hygiene. The General Fund transfers also include an average of approximately \$657 million annually from FY 2014 to FY 2018 to the DHBTF.

FIVE-YEAR CAPITAL PLAN

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$205 million annually for these purposes. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from RETTs for a total of \$595 million over the Plan period. In addition to RETT revenues, the EPF will receive a recurring deposit of \$19 million from unclaimed deposits from the Bottle Bill. The EPF also receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees and other miscellaneous receipts totaling approximately \$15 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$23 million annually in improvements to the State's park system from park fees and other miscellaneous revenues.

Federal grants account for 16 percent of total capital spending over the Plan period. The largest components of Federal PAYGO spending over the Plan period are for transportation (\$6.4 billion) and the environment (\$561 million). Federal PAYGO spending is projected to average \$1.5 billion per year, with an average \$1.3 billion annually spent on transportation.

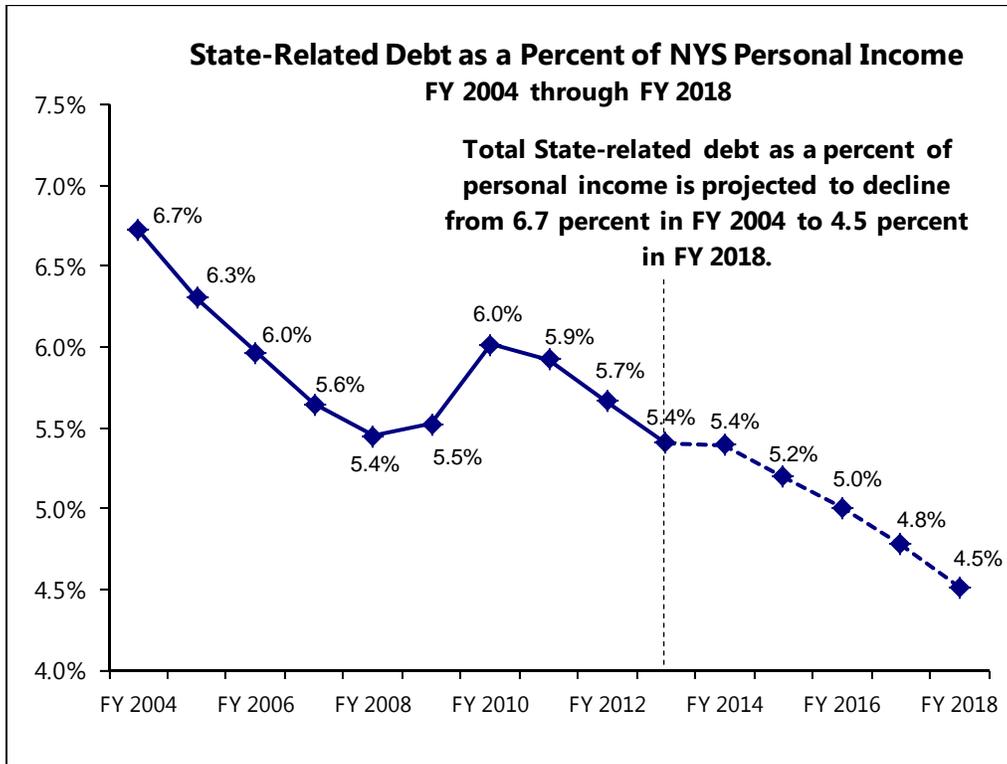

DEBT AFFORDABILITY

DEBT AFFORDABILITY

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan.

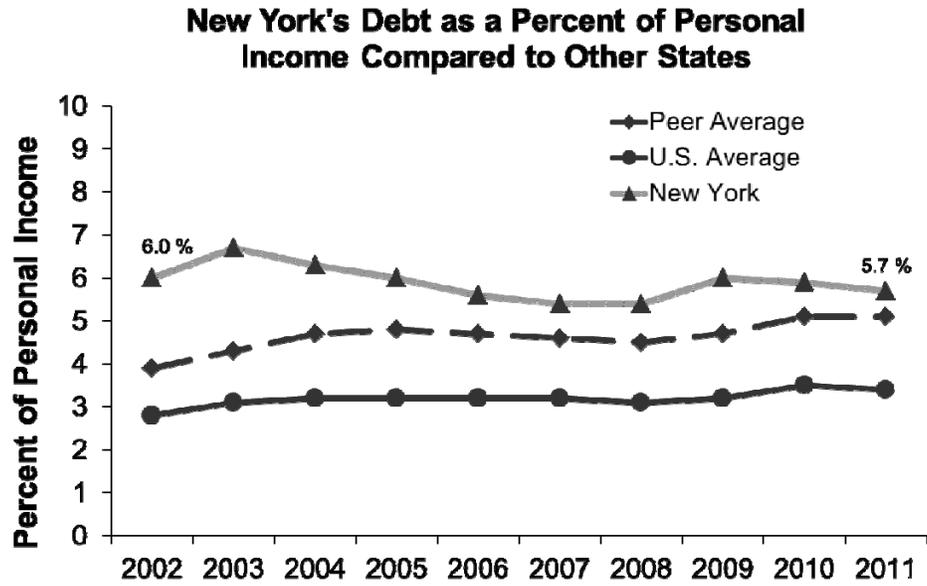

STATE DEBT AS A PERCENT OF PERSONAL INCOME

The State debt projections from FY 2013 to FY 2018 reflect a 1.2 percent average annual increase in debt levels and a 4.9 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to decline over the five-year Plan period, settling at 4.5 percent in FY 2018.

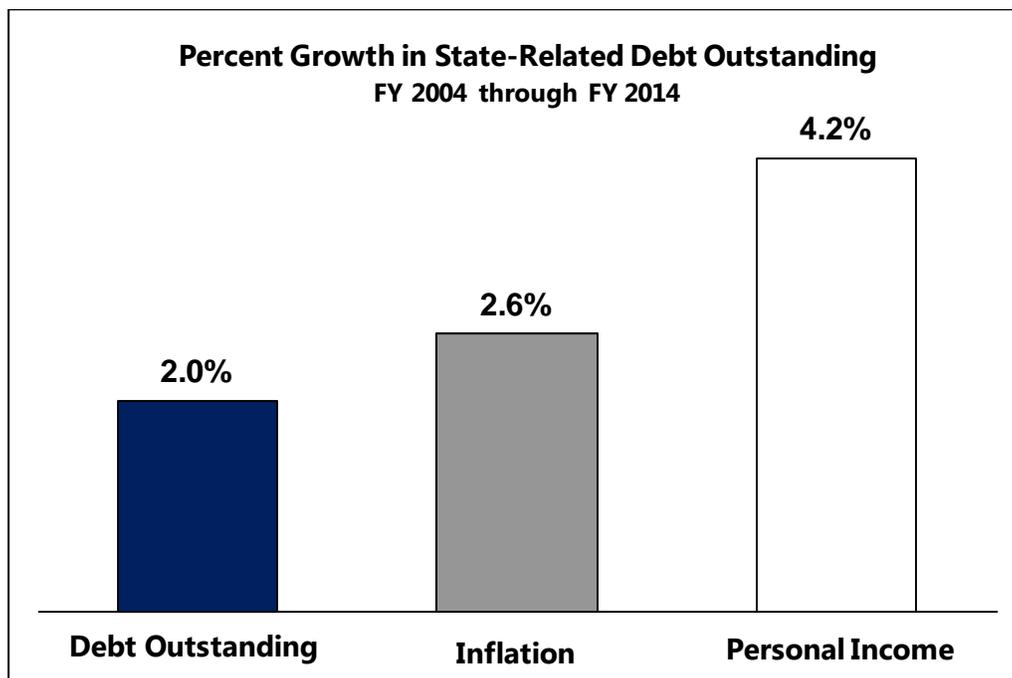

Over a longer time horizon, State-related debt outstanding as a percentage of personal income is projected to drop from 6.7 percent in FY 2004 to 4.5 percent in FY 2018. State-related debt outstanding as a percent of personal income spiked as the State issued \$4.6 billion in tobacco bonds to help close deficits in FY 2003 and FY 2004 and the growth in personal income slowed to below normal levels. Debt outstanding as a percentage of personal income is projected to decline due to the recovery of personal income growth and the continued retirement of tobacco debt.

DEBT AFFORDABILITY

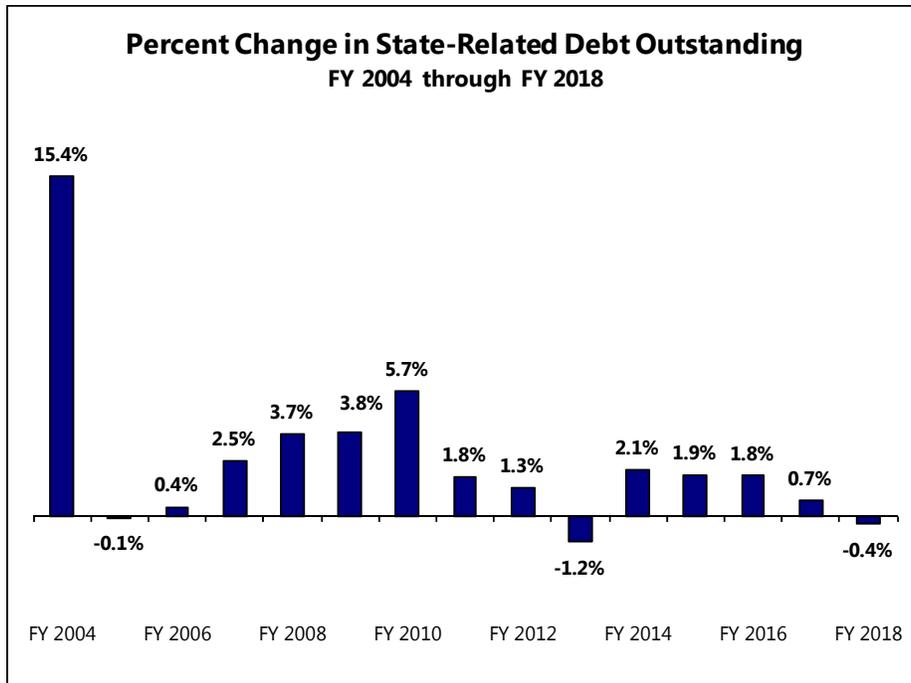

STATE DEBT OUTSTANDING

The 2.0 percent average growth in State-related debt from FY 2004 to FY 2014 is less than the average annual growth in inflation and personal income.

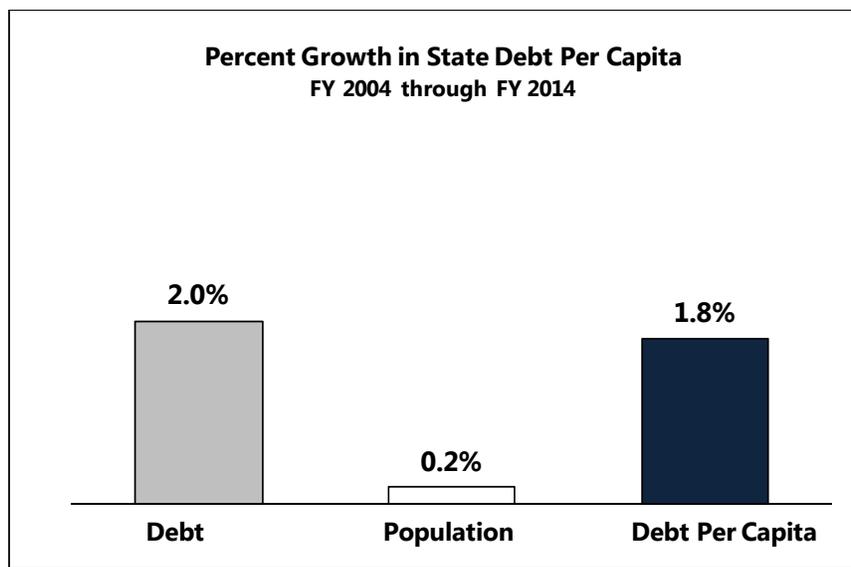

The extraordinary increase in State debt in FY 2004 as shown in the following chart is related primarily to the issuance of tobacco bonds. The overall average increase from FY 2004 to FY 2018 (including tobacco bonds) is 1.7 percent.

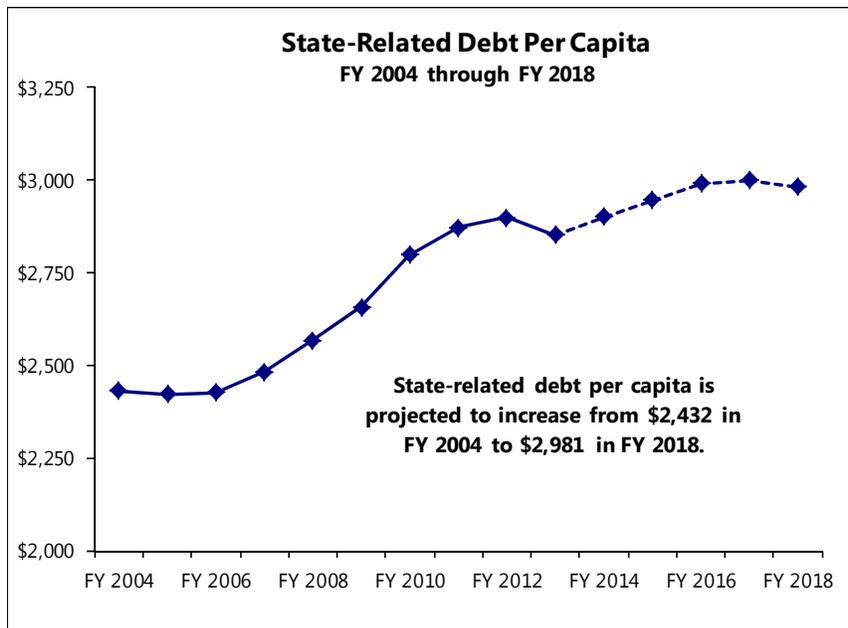

STATE DEBT PER CAPITA

The average annual growth in debt per capita is less than the growth for debt outstanding over the past ten years.

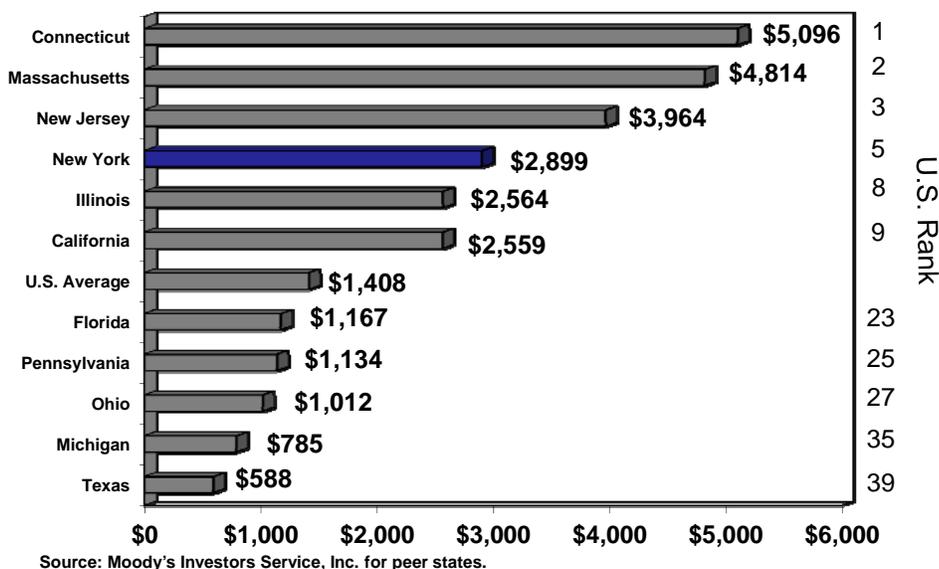

DEBT AFFORDABILITY

State-related debt per capita is projected to increase from \$2,432 in FY 2004 to \$2,981 in FY 2018, an average annual increase of 1.5 percent. The State's population of roughly 19.5 million is projected to grow slightly over the Plan period. Thus, the projected increase over the Capital Plan period results primarily from the issuance of new debt to fund new State capital projects.

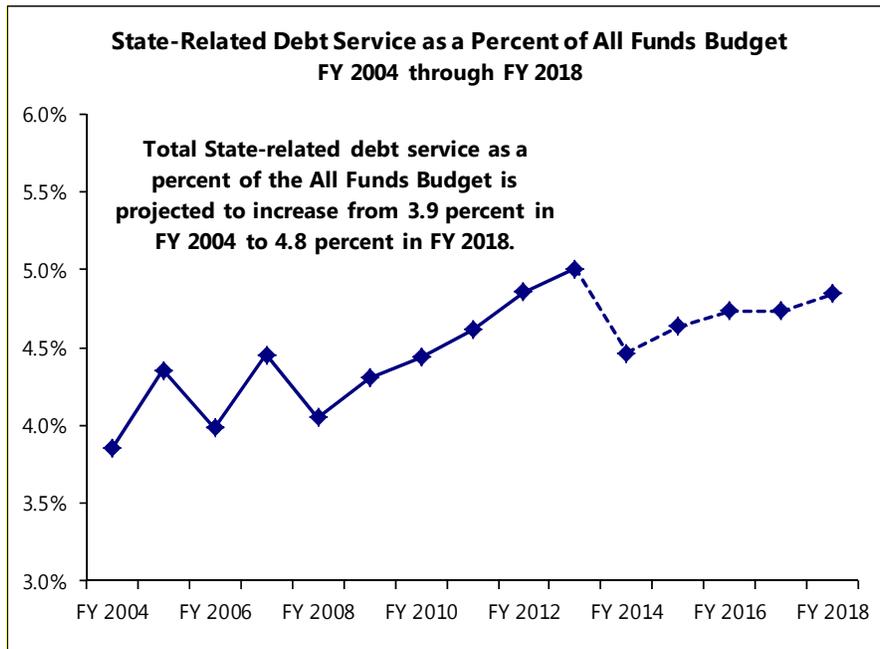

2011 Total Per Capita State Debt New York and Peer State Rankings

As shown in the previous chart, New York’s debt per capita in FY 2011 of \$2,899 ranked fifth highest in the nation. Connecticut, Massachusetts, Hawaii and New Jersey have higher debt per capita ratios than New York.

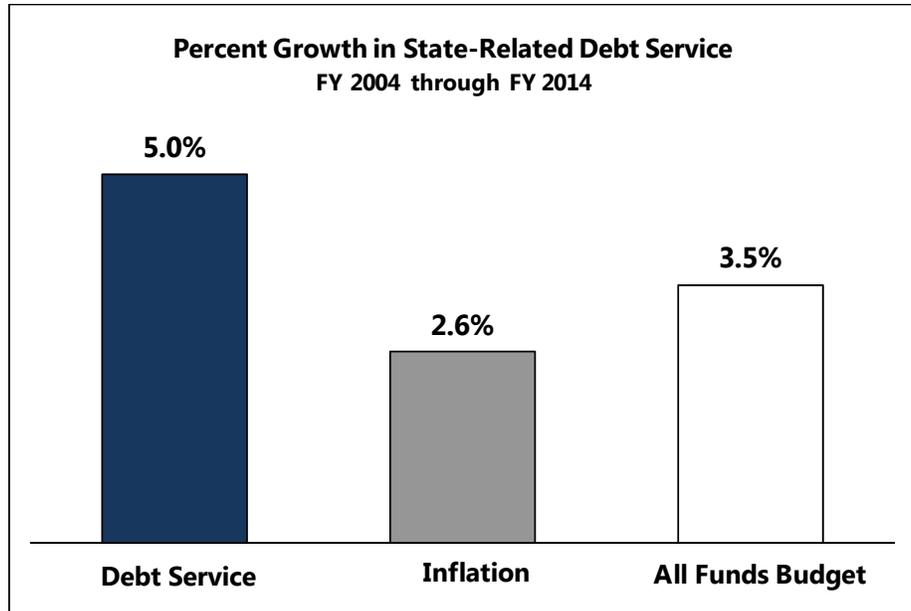

DEBT SERVICE

From FY 2013 through FY 2018, debt service costs are projected to increase by an average of 2.6 percent annually, while All Funds receipts are projected to grow by 3.2 percent annually. Thus, debt service costs are projected to be about 4.8 percent of the All Funds budget in FY 2018.

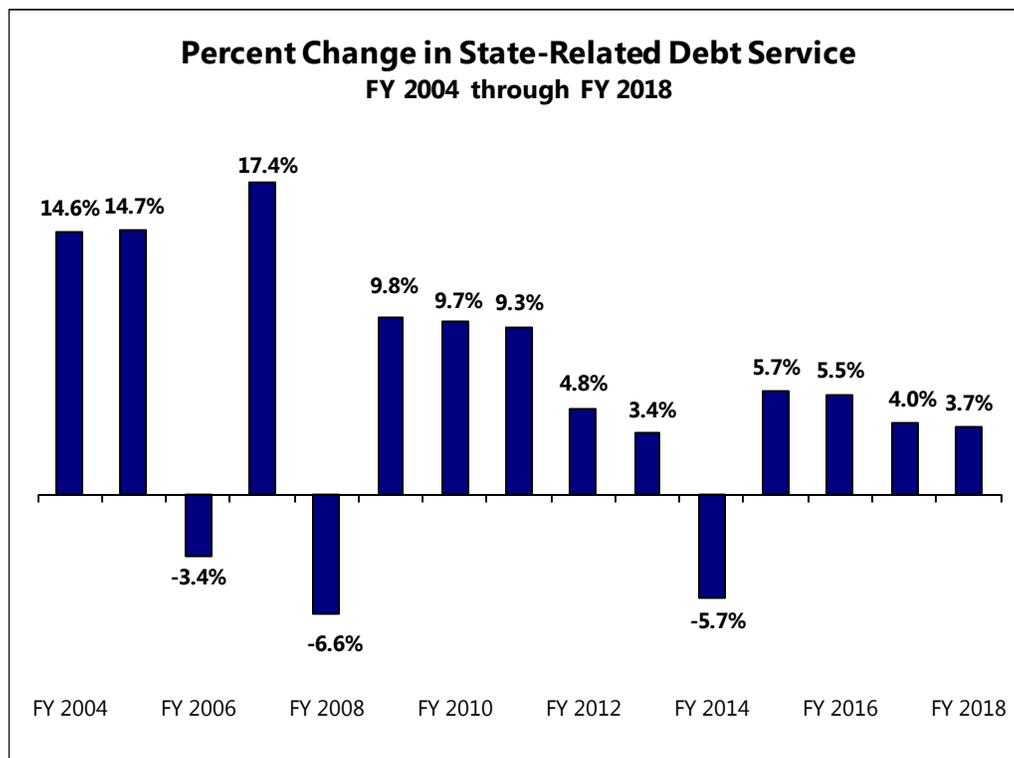

State-related debt service as a percentage of the All Funds Budget is projected to increase from 3.9 percent in FY 2004 to 4.8 percent at the end of FY 2018. FY 2004 debt service was substantially lower due to a series of refundings which took advantage of historically low interest rates. Due to the post-September 11 State deficits, most of the refundings were structured to provide maximum debt service savings over a three-to-five-year period. Beginning in FY 2005, debt service costs increase, due primarily to the end of the aforementioned refinancing savings, the restructuring of the Dedicated Highway Program, the issuance of tobacco bonds with a relatively short expected amortization period of 16 years, the onset of the Transportation Bond Act of 2005, and bond-financed economic development projects.

DEBT AFFORDABILITY

The 5.0 percent average annual rate of growth in debt service from FY 2004 through FY 2014 is higher than the growth in inflation of 2.6 percent and the 3.5 percent growth in State revenue during that same time period. As mentioned previously, the high average annual growth rate for debt service is due to actions taken in FY 2003 to produce savings for the State, substantially lowering debt service in that year and inflating the growth rate from FY 2004 to FY 2014.

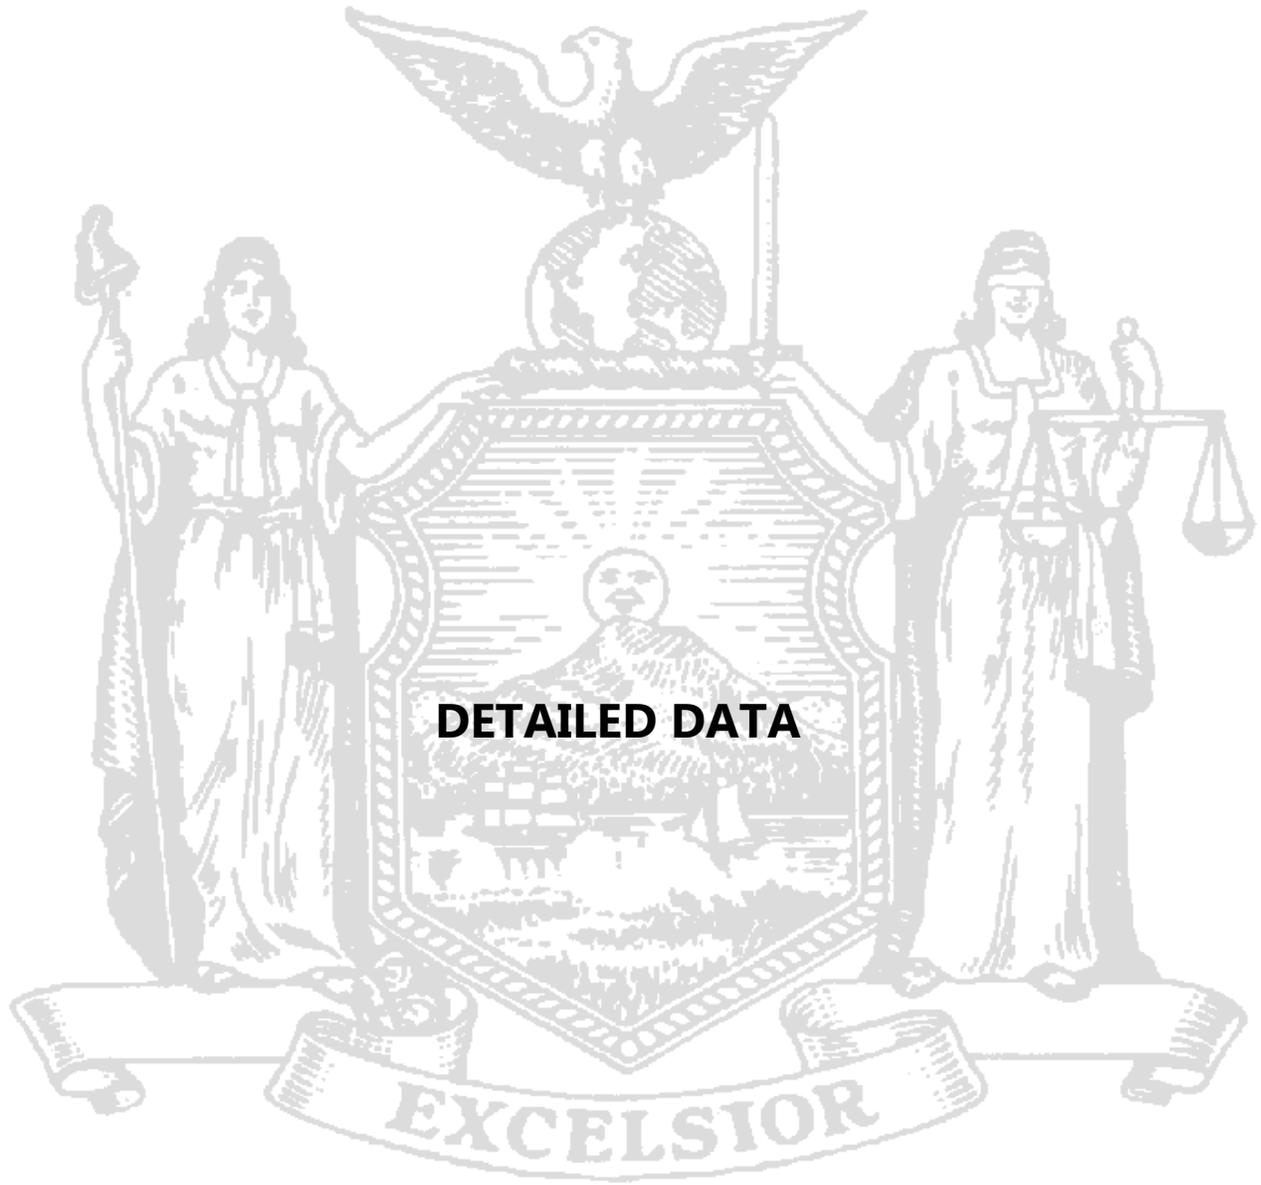

DEBT AFFORDABILITY

Debt service growth is projected to average roughly 4.7 percent in the forecast period due to fewer refunding opportunities, the repayment of tobacco debt, and continued support for the State capital program.

The following table provides the detailed data to support previous graphs.

DEBT AFFORDABILITY MEASURES

DETAILED DATA

DETAILED DATA

STATUTORY DEBT LIMITATIONS

THE DEBT REFORM ACT OF 2000

The Debt Reform Act of 2000 restricts the issuance of State-supported debt to capital purposes only and limits such debt to a maximum term of 30 years. The Act limits the amount of new State-supported debt to 4 percent of State personal income and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to all new State-supported debt issued since April 1, 2000. The cap on new State-supported debt outstanding began at 0.75 percent of personal income in FY 2001 and was fully phased-in at 4 percent of personal income during FY 2011, while the cap on new State-supported debt service costs began at 0.75 percent of All Funds receipts in FY 2001 and will increase until it is fully phased in at 5 percent during FY 2014. The State was found to be in compliance with the statutory caps for the most recent calculation period (FY 2012).

FY 2017	154,031	5.00%	7,702	4,988	2,713	3.24%	1.76%	1,766	6,754
FY 2018	156,302	5.00%	7,815	5,328	2,487	3.41%	1.59%	1,711	7,039

Current projections estimate that debt outstanding and debt service will continue to remain below the limits imposed by the Act. Based on the most recent personal income and debt outstanding forecasts, the available room under the debt outstanding cap is expected to decline from \$3.6 billion in FY 2013 to \$560 million in FY 2016. This includes the estimated impact of the bond-financed portion of increased capital commitment levels included in the 10-year capital planning projections. Capital spending priorities and debt financing practices may be adjusted from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

DETAILED DATA

INTEREST RATE EXCHANGE AGREEMENTS AND VARIABLE RATE EXPOSURE

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds may enter into variable rate debt instruments that result in a maximum net variable rate exposure of 15 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 15 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

INTEREST RATE EXCHANGE AGREEMENTS (SWAPS)

The following table shows the amount of outstanding interest rate exchange agreements which are subject to the statutory cap. Overall, the State’s swap exposure is expected to decline from 3.9 percent in FY 2013 to 2.7 percent in FY 2018.

INTEREST RATE EXCHANGE CAP (millions of dollars)						
	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018
Interest Rate Exchange Cap	7,880	8,114	8,337	8,562	8,688	8,724
Notional Amounts of Interest Rate Exchange Agreements	2,045	2,014	1,927	1,820	1,683	1,548
Percent of Interest Rate Exchange Agreements to Debt Outstanding	3.9%	3.7%	3.5%	3.2%	2.9%	2.7%

Currently the State’s swaps portfolio is comprised of synthetic fixed rate swaps. A synthetic fixed swap includes two separate transactions: (1) a variable rate bond is sold to bondholders, and (2) an interest rate exchange agreement between the State and a counterparty is executed. The interest rate exchange agreement results in the State paying a fixed interest rate (i.e., synthetic fixed rate) to the counterparty and the counterparty agrees to pay the State a variable rate (65 percent of LIBOR for all State swaps). The variable rate the State pays to bondholders and the variable rate the State is receiving from the counterparty off-set each other, leaving the State with the synthetic fixed rate payment. The synthetic fixed rate was less than the fixed rate the State would have paid to issue traditional fixed rate bonds at that time.

At this time, the State has no plans to increase its swap exposure, and may take further actions to reduce swap exposures commensurate with variable rate restructuring efforts.

VARIABLE RATE EXPOSURE

The State’s net variable rate exposure (including a policy reserve) is projected to average 1.5 percent of outstanding debt from FY 2013 through FY 2018. The debt that is charged against the variable rate cap represents the State’s unhedged variable rate bonds. The variable rate bonds that are issued in connection with a swap are not included in the variable rate cap.

The State’s current policy is to count 35 percent of the notional amount of outstanding 65 percent of LIBOR fixed rate swaps in its variable rate exposure. This policy reserve accounts for the potential that tax policy or market conditions could result in significant differences between payments owed on the bonds and the amount received by the State under its 65 percent of LIBOR swaps, and that the factors affecting such payments can be consistent with variable rate exposure.

VARIABLE RATE EXPOSURE						
(millions of dollars)						
	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018
Variable Rate Exposure Cap	7,880	8,114	8,337	8,562	8,688	8,724
Current Unhedged Variable Rate Obligations	214	204	193	182	173	161
Convertible Bonds	0	0	0	0	0	0
Synthetic Variable Rate Swaps	0	0	0	0	0	0
Total Net Variable Rate Exposure	214	204	193	182	173	161
Net Variable Rate Exposure to Debt Outstanding	0.4%	0.4%	0.3%	0.3%	0.3%	0.3%
Current Policy Reserve for LIBOR Swaps	716	705	674	637	589	542
Net Variable Rate Exposure (with Policy Reserve)	930	909	868	819	762	875
Net Variable Rate Exposure (with Policy Reserve) to Debt Outstanding	1.8%	1.7%	1.6%	1.4%	1.3%	1.2%

The State has no plans to issue additional variable rate debt at this time, and may further reduce existing variable rate exposure. In addition, \$258 million of convertible bonds due in FY 2014 are expected to be refunded with fixed rate bonds, which will eliminate all remaining convertible bonds from the State’s portfolio.

DETAILED DATA

BOND AUTHORIZATIONS

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State's Capital Plan. Bond caps can finance a single year's appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$3.6 billion of increased bond authorizations were included in the FY 2014 Enacted Budget. The following table details the bond cap authorizations for all State-supported debt, including legislative actions recommended in the FY 2014 Enacted Budget.

DETAILED DATA

STATE DEBT DETAIL

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP basis debt levels reported in the CAFR. Thus, it reflects all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the CAFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State local assistance aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

AGENCY SUMMARY AND DETAIL TABLES

AGENCY SUMMARY AND DETAIL TABLES

The following tables provide a summary of projected appropriations, commitments and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in FY 2014, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for State FY 2014 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from FY 2015 through FY 2018. All amounts are in thousands of dollars.

The Enacted reappropriations and appropriations represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Enacted appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally enacted. Reference numbers for new appropriations for State fiscal year FY 2014 will display the 14 as the fifth and sixth characters.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DETAIL

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipt, disbursement, and transfer amounts for the DHBTF. Projected spending from this Fund, including DMV, will total \$11.2 billion over the next five fiscal years, which represents over half of the total transportation-related spending for capital projects estimated during that period. Projected negative fund closing balances are caused by timing differences between disbursements and receipts.

AGENCY SUMMARY AND DETAIL TABLES

The DHBTF had a financing gap, or deficit, of \$519 million in FY 2013, and \$551 million is projected in FY 2014. Gaps increase further in the outyears, for a total gap of \$3.3 billion from FY 2014 through FY 2018. This deficit is reflected in the preceding table as being funded by revenues transferred from the General Fund. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements. These gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior periods.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND BOND COVERAGE RATIOS FOR PRIOR PERIODS				
FY 2009	FY 2010	FY 2011	FY 2012	FY 2013 (est.)
2.3	2.2	2.2	2.3	2.3

The table below provides recent DHBTF appropriations for debt service.

DEDICATED HIGHWAY AND BRIDGE TRUST FUND DEBT SERVICE APPROPRIATIONS		
Enacted FY 2012	Enacted FY 2013	Enacted FY 2014
\$960,250,000	\$960,300,000	\$980,300,000

INCREASING OPPORTUNITY FOR MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

The New York State Department of Transportation's Office of Civil Rights has primary oversight responsibility for all Civil Rights and M/WBE related program functions. This includes oversight of the Department's Purchasing Unit within the Office of Contracts and Accounting. This Office has adopted practices which promote flexibility in choosing those M/WBE firms with which it conducts business. The Purchasing Unit aggressively promotes the use of M/WBE firms by our internal customers for those commodities and services costing less than \$200,000 (the new discretionary limit for purchasing from small businesses without formal competitive process). As part of the outreach process, the Department provides all prospective vendors with an updated version in both paper and electronic form of the publication "How to do Business with the New York State Department of Transportation." Only M/WBEs certified by ESDC's M/WBEs are used to fulfill goals on 100 percent State funded projects and/or goods and services.

The Department is one of four agencies in New York that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying agencies are the MTA, NFTA, and PANYNJ. A memorandum of agreement with ESDC has been signed that expedites the review and approval process for DBEs to become certified as M/WBEs.

AGENCY SUMMARY AND DETAIL TABLES

The Department establishes annual goals for M/WBE participation for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs in relation to the projected areas of opportunity.

The Department established a “Diversity Procurement Team” to explore ways to broaden the participation of M/WBEs in NYSDOT’s contracting and investigate innovative approaches to improving the number of M/WBEs working on NYSDOT’s contracts.

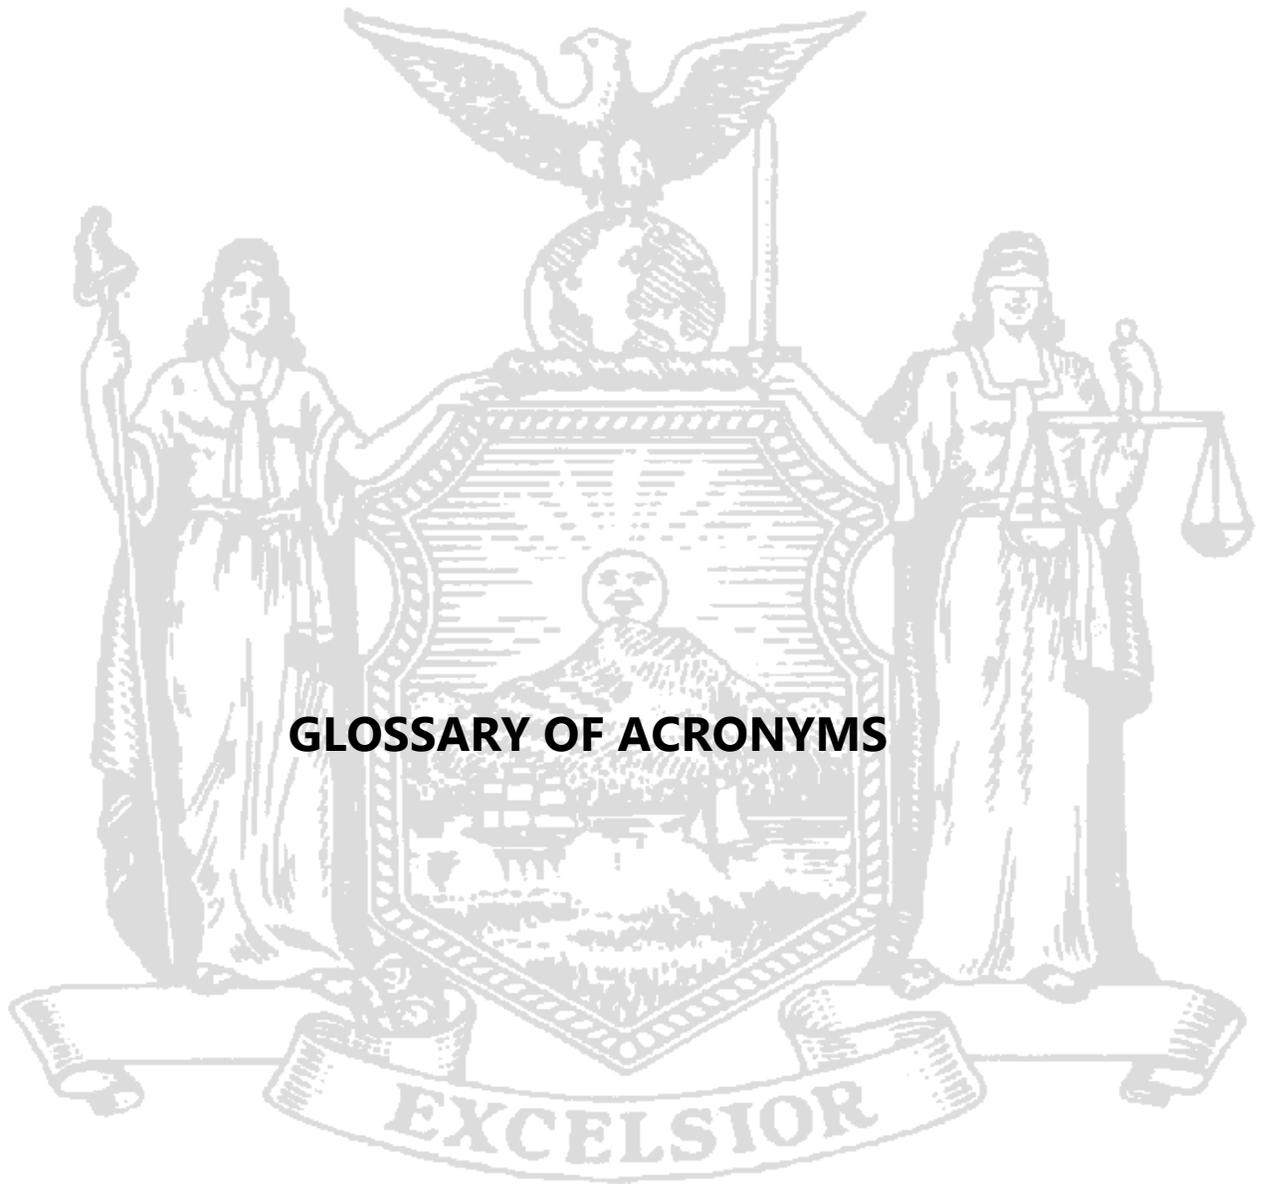

The Department submits its Annual Goal Plan to the director of the State Division of Minority and Women Business Development.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community based organizations to conduct outreach to the M/WBE community regarding contract opportunities and the Department’s contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: the Federal Highway Administration, ESDC; the Port Authority of New York and New Jersey; the Association of General Contractors, General Contracting Association, and the Association of Minority Enterprises of New York.

The Office of Civil Rights has conducted, and will continue to conduct, D/M/WBE outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase D/M/WBE participation.

The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since most DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. Furthermore, the Department is developing a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities.

Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration and ESDC in the plans and reports required by those agencies.

GLOSSARY OF ACRONYMS

GLOSSARY OF ACRONYMS

AHC	Affordable Housing Corporation
APA	Adirondack Park Agency
ARRA	American Recovery and Reinvestment Act
ARS	Auction Rate Securities
